By this time the crowd had swelled to 3,000 or more, and before sayone could realize what had happened, the great throng, gaining recruits at every step was tramping down the streets to the heighborhood of the prison, stopping only once, and that was at the arsenal, where double-barreled shotguns, Winchester rifles and pistols were handed out. When the main crowd from Canal street reached the prison, there had already collected an immense throng, all bager to take a hand in whatever might happen. Sheriff Villiere, when he heard that a movement was on foot to take he prisoners, armed his deputies and then streted cut on ad his dannties and then started out on armed his deputies and then surfed out on a hunt for Mayor Shakespeare. Two Disastrous Fires in Progress at One Time.

A Large Amount of Property Licked Up by the Flames—The Loss Flaced as High-as \$1,000,009.

SYRACUSE, March 14—8:30 a.m.—Two large fires are raging here. One started in the wholesale district at 6 a.m., and has already destroyed the six-story Hogan block, the Newfay block, the Loomis block and other buildings. At 7:30 another fire broke out in the Roscos wholesale house in another section. That block has been destroyed, and the fire has apread to the Yates block of flats, and threatens the Montgomery flats. Assistance has been asked from Oswego, Baldwinsville and Fulton.

flats are buring and will probably be desired.

The area burned over by the first fire includes a dozen wholesale buildings occupied by 50 or more firms.

THE SECOND FIRE.

10 a.m.—The second fire is still in full blast. The Journal office has been completely burned, and the fire department is working hard to keep the flames from the Vanderbilt House. The Candee House is also on fire. The Gates building, occupied by half a dozen stores and a score of families, has gone, and half the big Montriguery flats have burned, with no hope of saying the rest of the building. Two engines from Utica arrived at 9:30, and two central locomotives are also throwing water.

Loss ESTIMATED AT \$1,000,000.

The total losses will reach, it is estimated, \$1,000,000. It is rumored that a man lost his life in the Yates block. The fire department is working hard to keep the flames from crossing Montgomery street into the Myers and Grand Opera House blocks, and it looks at 10 o'clock as if they would succeed.

Three Men Buried Near Crested Eutte,
Colorado.
CRESTED BUTTE, Col., March 14.—Three more snow-slide victims are reported this morning. M. G. Creller, Pat Murphy and Jack Griffin, who have been at work on the Jacobs Trader mine are buried beneath the snow. The slide is over half a mile wide and it would seem that the whole mountain has come down, filling the basin with snow probably 100 feet deep. The place has been considered very dangerous, so much so that since the storm no one has dared to venture up there until yesterday, when three men went to see if their fellow miners were safe. They found no signs of a cabin, and the tunnel entrance was entirely covered. By tunneling through the snow for 30 feet they came to the cabin, which was mashed in by snow. It is the general belief that the men had become alarmed and started to leave, and were caught in their attempt to escape.

Tho Parliamentary Leader of the Catholic Party in Germany Dead.

Berlin, March 16.—Dr. Ludwig Windthorst, the Parliamentary leader of the Catholic party in Prussia, who has been dangerously ill for some days, died Saturday morning. He was born Jau. 17, 1812. Dr. Windthorst at midnight was merely able to whisper replies to inquiries as to his condition. Suddenly, however, his voice returned, and imagining that he was in the Reichstag, he delivered an impassioned address in favor of the abolition of the law expelling the Jesuits from Germany. His voice could be heard through three rooms. He never spoke after having concluded this speech. The death of Dr. Windthorst, the leader of the Clerical party in the Reichstag, was announced to that body by the president of the body. Herr Levetzow. In his eulogy upon the dead statesman, Herr Levetzow extrolled his acumen, uncessing activity, adreitness and potent personal influence on all sides of the House. Herr Levetzow said that he had always attached weight to the words of Dr. Windthorst. His personal amiability had endeared him to his intimate friends and pleased everybody who came in contact with him. Herr Levetzow closed his eloquent enlegy by declaring that scarcely anyone would be so missed in the Reichstag as Dr. Windthorst.

Continued Success Attending its Use at the Wilson Hospital.

Few institutions have received the encouragements o soon after their inception as has the Wilson Hospital of this city. This retreat for consumptives and those afflicted with tuberculous diseases was opened but a short time ago, but since then the proprietors, Drs. George H. and J. D. Wilson, have deemed it necessary to make a large addition to the institute, capable of accommodating twenty more patients. An Abventise reporter called at the hospital this morning and found everything as cheerful and bright as in the best of regulated homes. There are nineteen patients being treated at the present time, and during his stay the reporter chatted with several of them, all of whom affirmed that they had experienced great relief and lasting benefit from the lymph. Among others interregated was Mr. Davis, when has been in the hospital for about three weeks. "Yes, mine was a clear case of consumption," replied Mr. Davis, when questioned regarding his complaint. "Tha relief that I experienced after the first few inoculations was wonderful. The improvement has been gradual but steady ever since, and my respirations are now regular and easy.
