STEEL MEN VOTE TO **CONTINUE ON STRIKE**

Fifteen Hundred Members of Union Give a Unanimous Decision.

CLEVELAND, Dec. 26.—Fifteen hundred steel men voted unanimously tonight to continue on strike and to remain away from their former employment until the strike is won or officially declared off by the national officers.

The decision to remain idle was reached after they had heard the report of two of their number who had been sent to Pittsburg to confer with W. Z. Foster, national secretary of the steel strikers. Mr. Foster said that it was his opinion that the men were making a winning flight and that the complaint of shortage of steel was evidence of it.

When the strike was called 20,000 men

When the strike was called 20,000 men quit work here. Many of these have found employment in other callings, and some are said to have returned to work in the steel mills. The idleness in some of the steel plants, the manufacturers claim, is due more to a facturer's claim, is due more to a shortage of coal than to a lack of men.

SENATORS APPLYING PRESSURE TO FORCE TREATY COMPROMISE

Mild-Reservationist Republicans May Bolt.

DEMOCRATS CRITICAL

Dissatisfied With Course of President-May Strike Bargain With Republicans.

WASHINGTON, Dec. 26.—Dissatisfied with the progress made toward solution of the peace treaty tangle, senators of both political parties moved today to bring greater pressure to bear on their party leaders for a compromise to insure ratification promptly on the reassembling of Congress early in Janu-

The mild reservation group of Republicans, notifying their party leader, Senator Lodge of Massachusetts, that in their opinion the time had come to part company with the irreconcilable foes of the treaty, declared that unless compromise negotiations got more whole-hearted support from the republican side they were preparing to act independently for an agreement with the

Senator Hitchcock of Nebraska, the acting Democratic leader, reached proportions where some predicted that it soon would be given tangible form.

Take What Available.

One prominent Democratic senator was reported to have told the Republicans that more than 30 of the 47 on that side would join a movement to

ratify the treaty at once on the best terms they could get.

After their conference with Senator Lodge, the mild reservation Republicans seemed confident that he would take the initiative if necessary in carrying the compromise negotiations forward. On Monday he Saw Senator Underwood of Alabara. Underwood of Alabama, a prominent Democratic advocate of a compromise, but it was said today that their talk

Meantime it became known that the irreconcilable group of Republicans had been bringing pressure to bear to induce the party leader not to consent to any compromise proposals, which did not meet their approval. Senator John-son of California, one of the leaders of this group, telegraphed today that he

Whose Next Move?

Senator Hitchcock repeatedly has declared his willingness to make any compromise which does not vitally harm the treaty, but has indicated that he expects the next move to come from the Republican side. Senator Lodge also has said he would not orpose a compromise so long as the foreign relations committee reservations were not vitally impaired, though he considers that the next move is up to the Demo-

It is with this situation that the bi-partisan movement is calculated to deal, partisan movement is calculated to deal, its backers declaring neither side should stand upon formality, but should earnestly try to ratify at once. The strength of the movement could not be estimated tonight, but it was suggested that even if it could not muster

So the immediate compromise advocates predicted success for their enterprise, Senator Hitchcock expressed confidence that his own compromise plan would ator Hitchcock expressed confidence that his own compromise plan would win out, Senator Lodge asserted that the committee reservations would be accepted without material change, and the irreconcilables declared that there would be no compromise at all.
