BRITISH TRADES UNION ACT TO BE AMENDED SOON

New Bill Would Limit Contributions For Political Purposes.

AWAITS THIRD READING

Expect Laborites to Nominate Many Candidates For Election.

London, July 26.—(Canadian Press Cable).—Before the end of the week the government will probably announce its intentions regarding the bill to amend the trades union act of 1913, which has just passed the committee stage. Fifteen years ago a celebrated judgment declared the diversion of trades union funds for political purposes to be illegal. The trade unionists, of course, were at that time deeply involved in politics, and the situation arising as a result of the judgment was almost impossible. In an effort to effect a compromise, the act of 1913 enjoined that the unionists must raise money for political purposes by a special levy. It provided that a member of the union could decline to pay the levy without penalty to himself or without forfeiting any of the benefits of the union.

However, after the passage of the bill, most of the members continued to pay both the ordinary fees and the levy for political purposes.

The bill now before the house would limit the obligation of contributing for political purposes to those members who in writing definitely signify their willingness to do so.

The bill now awaits third reading, which the government must provide facilities. Right Hon. J. Austen Chamberlain yesterday received a deputation urging that the facilities be provided. He merely promised to consult the cabinet.

At the next elections, the Laborites expect to place a larger number of candidates in the field than ever.

HOLD RASPBERRY SOCIAL

Ladies' Aid of Hyde Park Methodist Church Gives Splendid Garden Party.

Special to London Advertiser.
 HYDE PARK, July 25.—Chinese lanterns strung from trees and in the booths, gave the grounds at the home of Mr. and Mrs. West, a gay appearance Wednesday evening, when the Ladies' Aid of the Methodist Church held their annual raspberry garden party.

A large crowd thoroughly enjoyed raspberries, ice cream and cake which was served from 6 to 8, after which a program of more than usual merit was introduced by the chairman, Rev. Mr. Creasy, pastor of the church.

It included pleasing solos by the Misses Helen Walton and Pearl Poole, both of London; readings by Miss Mae Winter, of Hyde Park; violin selections by Mr. Malcolm, and a brief talk by Rev. J. MacKillop, B.A.

The London West Orchestra favored the audience with many lively selections that were enjoyed by old and young.

DIES SUDDENLY AFTER WORK ALL DAY ON FARM

Ralph McIntyre of Cashmere Taken Ill After Putting Team Away For Night.

Special to London Advertiser.
 WARDVILLE, July 25.—Ralph McIntyre, only son of John McIntyre, who lives on the banks of the River Thames at Cashmere, died suddenly Saturday evening.

Mr. McIntyre had worked that day and put his team away at night. After supper he was taken suddenly ill and passed away before the physician arrived.

He had been in poor health for some time, but his death was unexpected.

He leaves his father and mother and two sisters, Mrs. Dr. McCaughy and Miss Minnie, both of Detroit.

Until his health failed he was prominent in musical circles.

Mr. Harding of Wilkesport called at the parsonage last week.

The union services of the young people, held in the Methodist Church last evening, were largely attended. Splendid music was furnished by the choir. Mr. T. Thompson led. Rev. Mr. Bridgett gave the address. "The Minimum of Christian Knowledge Necessary," being the subject.

The annual picnic of the Methodist Sunday School will be held at Port Glasgow on Wednesday, July 26.

Mrs. Graham and daughter of Toronto are visiting at the rectory.

Misses Frances and Violet Murphy are holidaying in Detroit with the Misses Martyn.

THOMAS TO LEAD THEATRE HEADS

New York, July 26.—Augustus Thomas, dean of American playwrights, has been appointed executive chairman of the Producing Managers' Association, a post corresponding in the theatre to that of Will Hays in moving pictures and of former Judge Landis in organized baseball.

The association which Mr. Thomas heads comprises a membership of 53 producing managers, and its influence extends throughout the United States. It is understood that the place carries with it the responsibility of actual arbiter of all matters of policy pertaining to the production of plays in the United States.

At the next elections, the Laborites expect to place a larger number of candidates in the field than ever.

ST. THOMAS TOPICS

Staff Correspondent, St. Thomas, A. J. McKenna, 631 Talbot Street, Phone 2446. Circulation Office, 648 Talbot Street, Phone 1510.

Special to London Advertiser.
 ST. THOMAS, July 25.—At the request of Ald. R. Middleton, the payroll of all the civic employees will be produced at the next meeting of the finance committee. The question of the advisability of revising wages will then be taken up.

ARRESTED A FEW days ago on a bench warrant issued last year for failure to answer a charge of subornation of perjury, Frank Proctor, of this city, was remanded Tuesday morning for a week. Proctor's arraignment was to see if he was the man named in the warrant.

ON ACCOUNT of the continued increase in the amount of power being used in the city, service in the Railway street district will be interrupted Wednesday morning to allow linemen to install heavier transmission lines.

H. W. MATTHEWS, joint superintendent of the Wabash-Grand Trunk, is in Toronto attending a meeting of the directors and means of meeting the coal shortage which threatens to paralyze the railroads.

ARGUMENTS in the arbitration board hearing of the case of John Wynn Hill vs. St. Thomas Water Commission, were submitted Tuesday morning in Judge Ross's chambers by J. B. Davidson for the plaintiff, and J. T. Webster for the defendant.

The case has to do with the expropriation of 45 acres of land in Yarmouth, belonging to Mr. Hill, by the water commission for water storage purposes. The commission offered \$100 an acre for the land, but Mr. Hill's price is in the neighborhood of \$16,000. Judge Ross is chairman of the arbitration board. J. T. Webster is representing the city, and Alex. Darchach for Mr. Hill. A decision will be rendered next week, it is expected.

A MARKED disinclination on the part of many men of the city and district, particularly young men, to engage in anything that resembles manual labor is reported by employers. A contractor grading several miles of the provincial highway near the city reports that it is almost a daily occurrence with him to have men apply for jobs, get a good meal and then disappear. Three or four young huskies worked the race last week, he stated, but one of them did not get away with it entirely. The contractor met with the following day and demanded the price of the men.

"I am getting tired of having young fellows come to me and work for a few hours and then quit," declared the contractor. "The majority of them are no good. They don't want to work—they're just looking for soft spots."

ALBERT SEE, 16 years of age, pleaded guilty to theft before County Police Magistrate Hunt at Springfield Tuesday morning and was sentenced to a term of from three months to a year. He broke into Vincent's Garage at that place Sunday night and stole a quantity of auto accessories.

AN UNKNOWN Indian assaulted Frank Mulvaney, depot master at the Michigan Central Railway here, Tuesday afternoon, but managed to escape. He had lost his money and appeared to be intoxicated. A dispute arose when he tried to board a train at 3:15 for Melbourne without a permit.

A PERMIT was issued by police Tuesday afternoon to allow a party of tourists from Illinois to pitch their tent in Pinafore Park. This follows the policy adopted by the city council at a recent meeting.

Two parties from Boston were in the earlier in the day, it is understood, who would have remained had they not been misinformed as to camping arrangements. The police were not advised in time to correct the erroneous impression given by some bystander.

IDEA OF C. OF C. STIRS INTEREST

London Body's Suggestion To Be Acted On By Government Committee.

Publicity To Be Given To Ontario Section of Trans-continental Road.

London Chamber of Commerce's suggestion to the committee of the Ontario Legislature on hotels and tourist accommodation, which visited London a short time ago, that publicity be given to the Ontario section of the Theodore Roosevelt highway, is being keenly taken up by the committee.

The suggestion offered was the affiliation of the Theodore Roosevelt Highway Association, with headquarters at Duluth. The Roosevelt highway is a transcontinental one, extending from Portland, Maine, to Niagara Falls, and thence to Windsor, passing through London. For the major part of the way in Canada it corresponds with the provincial highways.

W. A. Lane, secretary of the Ontario Legislature hotels and tourist committee, has written to the chairman of the association, asking for an appointment for him with W. A. Lane, of the Roosevelt Highway Association. This is being done.

Mr. Tracy writes that the highway has the unqualified approval and endorsement of the Canadian Automobile Association, has written to Russell Kelly, convener of the Ontario Provincial Highway Association, asking for his assistance in the work. These and other developments are under way to carry on the original suggestion to completion.

If the idea is carried out, the road will be marked and the principal features of the route it runs will be given publicity, which London will come in for its share.

A. Lane has also asked the London Chamber of Commerce for a copy of their survey of tourist camps on the continent, which they secured from New York. This survey will also be placed at the disposal of the London Public Utilities Commission.

STATE 2 BRIDGES NEAR CHATHAM DANGEROUS

Residents in Cedar Springs Section Report Matter To Roads Department.

Special to London Advertiser.
 CHATHAM, July 25.—The dangerous condition of two bridges on the Lakeshore road west of Cedar Springs has been reported to the county roads department by residents of that section.

A mile west of Cedar Springs there is a bridge spanning a ravine 35 feet deep. The bridge is 10 feet wide and is very long, and is alleged that the abutments are not secure. The only protection along the sides is made up of old worn-out fence rails.

Conditions are alleged to be similar at a bridge a mile farther west. This bridge is 12 feet wide and 100 feet long, and is suspended over a ravine 25 feet deep.

Information has been received by the roads department that these bridges are a real source of danger to motorists.

AUTOISTS TO FACE COURT IN SIMCOE

Special to London Advertiser.
 SIMCOE, July 25.—A list of about fifty motorists charged with various breaches of the motor vehicles act, has been prepared for Magistrate Gunton's court this week. Nine drivers have already been fined for speeding on the Port Dover-Simcoe county highway. The remainder are scheduled to appear within the week.

The local highway, it is alleged, is becoming a mecca for automobilists, and provincial constables are determined to put a stop to reckless driving. Extinguished lights, glaring head lights and noisy cutouts are also receiving attention.

REOPEN KING EDWARD HOTEL AT CHEPSTOWE

Special to London Advertiser.
 CARGILL, July 25.—The King Edward Hotel at Chepstowe, which was closed about two years ago, was reopened yesterday under a new management, with a pool room and ice cream parlour.

The King Edward was for many years conducted by Reeve McNab.

50 MILLION BUSHELS OF WHEAT ALREADY SHIPPED

Montreal, July 25.—Figures supplied by the grain clearance board of this port show that from the opening of Hamilton on July 23, 50,000,000 bushels of grain were shipped to Europe from Montreal, a performance that creates a new record, exceeding that of last year by nearly 2,000,000 bushels. The record of last year, when 138,453,980 bushels, or nearly 50,000,000 more than were shipped from any other port on the North American continent, will probably be exceeded this year at the present rate.

SOVIET RUSSIA APPEALS TO WORLD PROLETARIAT

Moscow, July 25.—An appeal to the world proletariat to bring pressure to bear upon the various governments for better terms for Soviet Russia in its efforts to establish relations with capitalist countries, was issued today by the Communist International. The appeal emphasized that this action was being taken in view of the closing of the Hague conference, which it declared was broken by soviet firmness and insistence upon Russia's rights.

BRANTFORD SCOUTS WILL ATTEND CAMP AUGUST 2

BRANTFORD, July 25.—The next and last detachment of boy scouts will go to Normandale on August 2, making about 500 who have taken advantage of the outing since the camp opened.

The boys pay \$2.50 a week while in camp, but this has to be added to a special fund to meet running expenses.

ASKS PASTOR TO DEFINE REMARK

Continued From Page 1.

"Articles which appeared in the press tried to tell us that Dempsey was not a brute," Mr. Thomson pointed out. "I never said he was a brute, but evidently somebody had been saying it, or I should not have gone to the length of telling the public what a fine young gentleman he was."

"I have assured my friends that I am quite as certain that Mr. Thomson was not in any way attacking me, because I am perfectly sure that no city minister would make any attack on a brother minister without stating clearly whom he meant."

"I have been told that if the cap fits I should wear it. It is quite true, I am glad to say, that the cap does more or less fit, but in fairness to Mr. Thomson I must refuse to put on a garment which has been offered to someone else."

All clients, I feel it is only fair to offer the opportunity to Mr. Thomson to state to my friends, and perhaps to my enemies, that they have not been accurate in assuming that Mr. Thomson was referring to me in the above quoted remarks."

Thanking you, Mr. Editor, yours truly,
 ROY D. MESS.
