ANIMAL JEWELRY

New York, March 4.—The sports-women of this continent are the best dressed in the world. They have more than a little to do with setting the styles. The bid for favor of animal jewelry received little response until someone sent Glenna Collett, the great woman golfer, a diamond studded elephant pin which she wears for good luck. Now Bernice Wall, Dorothy Klotz, Sally Sterrett, Frances Haddfield, and a score of other sportswomen now in Florida are wearing animal pins ranging from bull dogs, the old army mule and the rabbit, to the eagle and the flamingo. These pins are worn on the left shoulder of the dress. Hundreds of women throughout the country are following this fashion.

Till Style Do Them Part.

A stylish wedding has just been consummated in Paris, according to recent cables. It marked the joining of kasha, the popular woolen fabric of the season, to crepe de chine. Many sport dresses of the former material are now being given individuality by combination with the lighter and brighter cloth.

New York is missing something. In New York the boyish cut of the new tailored costumes is being accentuated by the mannequins showing them, who wear monocles. The designers discourage the practice since most mannequins cannot be entirely divorced from a roguish wink, while a monocle, to be really effective, demands a blank stare.

Step Out and Hold In.

For years step-ins have been popular in lingerie and other garments. Now the overalls may be advanced, tracing all the attention. It is a corset which has not a lacing to mar its contours, and since the parts of the torso it is meant to repress are of greater circumference than the shoulders it is easily donned and doffed over the head.

A turn-down has a woeeful effect on many men when administered by a pretty woman, but the new Bangkok hats get a turn-down from the same source and are the better for it. These beautiful light straw head coverings are usually very simply trimmed with a diminutive bow and a ribbon band.

GIVE THREE DRAMAS AT PLAYERS' WORKSHOP

"The Weather Breeder" Presented by Clever Cast During Evening.

The informal little presentations of dramatic works at Playerscraft have by now become an institution in the city. Last night a trio of plays was given by the members of the workshop under the direction of Miss Tooley Thomas.

In Oliphant Down's little one-act play, "The Maker of Dreams," attractively presented, William Wright took the role of Pierrot, while Miss Ruth Tanner, Margaret Tanner, Margaret Griffiths, Mary Watson and Dorothea Coleman.

Christopher Morley's "The Rehearsal" provided a study of humor. It concerns the rehearsal of an Irish tragedy by a group of college girls. The cast included Misses Ena Thirk, Ruth Tanner, Margaret Tanner, Margaret Griffiths, Mary Watson and Dorothea Coleman.

"The Weather Breeder" by Merrill Denison, however, was the outstanding number of the evening. Throughout the lines were handled with skill and the dramatic moments sustained. The cast included William Jones as "John, the farmer"; William Wright as "Jim"; Wilfred Harding as "Levi"; Ena Thirk as "Lise" and Wm. McEwan as "Muri".

The program also included a series of dramatic studies.

ERECT NEW WING ON VICTORIA HOME

Women's Christian Association Decides To Expand at Home For Incubates.

TO UNVEIL TABLET

A wing, which will accommodate 30 more patients, will be added immediately to the Victoria Home for Incubates, South London. This decision was made yesterday afternoon's meeting of the Women's Christian Association held at the home, and came as the result of an ever-increasing demand for admission to this institution.

Plans for the new wing, prepared by John M. Moore Co., were submitted to the meeting by Mrs. B. F. Brighton, convener of the committee for finding out estimates on this scheme. The work will be proceeded with as soon as possible, the wing to be erected on the west side of the building.

Owing to the illness of Mrs. C. B. Hunt, the president of the association, the date for the celebrating of the 50th anniversary of the founding of the organization was left open. It had been tentatively set for March 16, but that date may be advanced, so that the president may attend. Miss Christine McIntosh, secretary of the association, is compiling a history of the organization, and would be grateful to have any information on the subject forwarded to her or telephoned to her home, 322 King street, so that the history may be as complete as possible.

The golden anniversary will be marked by the unveiling of a tablet at the Aged People's Home bearing the names of the founders of the organization. To this ceremony will be invited the relatives of these founders, civic officials and clergy. Miss Moore presided over the meeting yesterday in the absence of the president.

COLEMAN HAS GOOD NIGHT.
Canadian Press Dispatch.

Montreal, March 4.—At the Royal Victoria hospital today it was reported that D. C. Coleman, vice-president and general manager of western line of the Canadian Pacific Railway, who was operated on here yesterday, had passed a good night and was "resting comfortably."

Mrs. Gerbin Brown, William street, entertained the members of Mrs. Garbutt's Sunday school class of about 20 pupils at her home last night, when the girls tendered a delightful miscellaneous shower to Miss Doris Nelles, who leaves shortly for St. Patrick's decorations were attractively carried out, and during the evening games and contests in keeping with the season were her many lovely gifts in quite a unique way. She was first showered with amusing little rhymes, which from a paper umbrella, and then she had to hunt for them. Later in the evening dainty refreshments were served by the hostess, assisted by Mrs. J. C. Coleman, Mrs. J. C. Coleman, Mildred Pocock. The guests included the Misses Margaret and Dorothy Lettwin, Lenore Webber, Marjorie Xanton and Mrs. J. C. Coleman, Mrs. J. C. Coleman, Mildred Pocock, get, Thelma Essex, Erma Drake, Helen Ball, Lillie Hall, Margaret Trohan, Margaret and Alice Wilt-tacker, Jeanet Morton and Edna Purdy.

"I suffered from gall stones, and commenced taking Dr. Chase's Kidney-Liver Pills. I feel safe in saying that these pills completely overcame the trouble, as it is some years since I was afflicted in this way, and I have not suffered from gall stones or even backache since. I have also found Dr. Chase's Nerve Food excellent for heart trouble and shortness of breath."

DRESS

By MARY MARSHALL

For Warm Spring Days There Are Ensembles With Georgette Wraps to Match.

There are some women who still feel not quite properly clad for the street unless they are wearing some sort of wrap. Perhaps this is a relic of Victorian prudery, but it persists none the less. There would be something at least to suggest a wrap in the street costume to make it seem really suitable outdoors. That is the prejudiced point of view.

To many other women, of course, there never seems to be any season at all for wearing a wrap save for the purpose of providing warmth. And for such women there can be little excuse for the filmy, little wraps of georgette and other diaphanous material that have been produced for spring. There are evening wraps of lace, white lace, black lace, or lace dyed to match the frock with which they are to be worn. There are georgette coats. Often the georgette wrap is part of an ensemble. Sometimes the frock is likewise of georgette and sometimes of one of the silk crepes. The sketch shows something of this sort—the coat of crepe georgette edged with fur about the hem and worn over a frock of crepe de chine, which is trimmed with crepe de chine—bold a georgette and crepe de chine being of a soft shade of gray.

The same model might well be developed in one of the new so-called natural tones, which are of course the tawny shades of unbleached and undyed silken or woolen fabrics. The band of fur is gray to match the gray frock and should be chosen to match the georgette as nearly as possible, since the effect would be rather marred by a striking contrast in the tone of this fur and the frock.

It is this desire to maintain the monotone in certain frocks that has undoubtedly prompted the French dressmakers who have been using the dyed furs that have caused so much comment recently. If you want to trim a mauve frock with fur and do not want to create a striking contrast, the simplest thing to do is to use one fox or hare or rabbit that you use dyed a similar tone of mauve.
