The following appears in the Canadian Journal of Fabrics: "We are pleased to note so many signs of prosperity in our bright little conferer, the B. C. Commercial Journal, of Victoria. Yesterday, four new specimens, all mounted in a manner that reflects the highest credit on the curator, were placed in position in the main exhibition room of the Provincial Museum. The first of these is an old male fur seal, presented to the museum by Mr. Morton, paymaster of H. M. S. Pheasant. The second is a young elk (wapiti), killed and presented by Mr. Frank McQuillan, of Alberni. Next comes a very large panther, shot at Millstream, and purchased by the curator from Mr. Wales, of that place. A handsome cross fox, the latest acquisition, was given by Mr. W. J. McLean, of Stony Creek. All the above are very fine specimens, and will, no doubt, attract a great deal of attention from visitors. Handsome Attractions

Merry Children.

The children of the Reformed Episcopal Church Sunday School enjoyed their Christmas tree; yesterday evening, and a merrier party of little ones it would be difficult to imagine. At 5.30 tea and cakejwere served, about 130 children sitting down to table. The repast was quickly got through, and then the Christmas tree, laden with toys, candies, etc., was unveiled, amid the cheers of those for whom it had been provided. Every child got something from its almost inexhaustible stock, and then commenced the fun. While the boys indulged in apple sorambles, the girls amused themselves with bon-bons. There was no restraint on their enjoyment, and the result was that joyful uproar was the order of the evening. Some Christmas carols were sung, in which the
