Analysis of the Revised Voters' List -British Columbia's Immense Gain.

Railway Belt of This Province.

(From Our Own Correspondent.) OTTAWA, Aug. 16.-The Dominion statis-The steamer Maude brought down a num- qualified voters by the revision. Ontarie gains 81,222, Quebec 49,418, Nova Scotia 21,079, New Brunswick 21,176, P. E. Island 38,010 voters against 14,400 by the lists of 1891.

The Canadian Jockey Club is shortly to apply for letters patent of incorporation. The promotors are Toronto, Montreal, London, Hamilton and Quebec horse owners.

They propose starting a Canadian stud book for pedigreed horses and running race meetings; capital stock \$10,000. The railways centreing here report an

immense increase in the freight and passenger business.

Father Paradis called at the interior department to day and reported the success of his settlement in the Nipissing district, Ontario. Five hundred repatriated French. Canadians from Michigan denounces the reports of the failure of the settlement scheme

as a malicious untruth, circulated by political agents sent from Michigan to discourage emigrants and induce them to return to the States. Father Paradis says that not one man returned. Most of the families have

now ten acres under crop. The department of the interior has been obliged to change the wording of the form Port San Juan are in the city, some buying of affidavits for homesteading. A settler managed to obtain a third entry under the old form by concealing the fact that he had already obtained patents for two homesteads.

An order-in-council has been passed reducing the timber dues on timber cut in the railway belt of British Columbia from five per cent. upon sales to fifty cents per thousand feet on all logs cut on these berths. A rebate is also allowed of forty cents per thousand feet on manufactured lumber exported from the province. The rebate does not apply, however, to lumber shipped to Mani-toba and the Northwest. The provincial government reduced its dues on timber outside the belt to 50 cents per thousand, with a rebate of 25 cents on all lumber exported. The owners of limits in the belt thereupon petitioned the Dominion government for an equivalent reduction, claiming that they could not compete otherwise with lumbermen cutting outside the railway belt.

WINNIPEG WIRINGS.

WINNIPEG, Aug. 16-(Special)-One of the excursionists who arrived from Ontario vesterday informed a citizen to-day that about six of the party were missing and that one was reported to have fallen off the train between Port Arthur and Rat Portage and to have sustained some injuries from the fall. Inquiry was made at the C.P.R. offices here and the information given that no advices of any accident whatever had been received.

The municipalities along the Red river are moving in the matter of improving the navigation of that stream from Winnipeg to the lake, and will invite Premier Bowell and Hon. Mr. Daly to visit the rapids and and how could they then refuse to grant accident is brought from the Fraser river by the obstructions when they return here. A. H. Garfield, a prominent merchant of Aberdeen, South Dakota, a married man who eloped from there with a fifteen-year-Loch Lomon," and Mr. A. G. Hay gave a recitation. Mr. Wm. Anderson danced the shean trews: Mr. Begg made a few reof mines of Ontario, is at Rat Portage en route to the Rainy river country. An Ottawa dispatch save the latest report about the departmental changes in Winnipeg is that A. W. Ross is to be appointed Collector of Customs in Winnipeg in place Clinton, and why Bend their boat was struck by a squall, and of Col. Scott, who is to be superannuated, and that Lisgar will be opened. J. S. Willison, of the Toronto Globe, who is here, will continue his trip to British Columbia W. W. Ogilvie, of Montreal, who is here, has given the boilers and attachments for an electric lighting plant at the Winnipeg general hospital. The gift amounts to over \$1,000, and is much appreciated by Winnipegers.

CONCERNING a report which has been ge-ing the rounds of the American papers and which one at least of the large press agencies has been helping along, the latest issue of "Bradstreet's" has the following. It will be read with interest and satisfaction by lictorians, who, however, would doubtless like to know the origin of the "report" to which it refers : "No little stir was created a day or two ago by the statement that a report had been received at the state department from Consul Roberts, of Victoria B.C., to the effect that the seals in Behring Sea had been practically exterminated. This statement was received by many people, particularly those in the fur trade, with incredulity, and it now turns out that no such report was received at the state department, and in fact that no report whatever had been received from Consul Roberts for several months. It is thought by some that the report may have originated in reports of sealers who had returned from the Coast sealing grounds without having made any catch. Of course, the chance of a very serious falling off in the catch, if not a gradual extermination of the scals, has been for some years be-

fore the minds of those who have devoted attention to the question, the need of more stringent regulations to prevent the ex-

Afterwards Sutton sought an-Referring to the remarks made by Mr. Borland, that it was assisting a private company when others had discovered the wealth in Horseffy and would have worked, he thought the statement some- minster, when the second accident befel what exaggerated. It took a large amount Sutton a short distance on this side of that of capital to work these claims, and most city. While sailing before a strong wind the unfortunately for the discoverers they did sail of their boat jibed and struck Sutton on not have the necessary means at their com- the head, knocking him overboard and evimand to develop the mines, and the mines dently stunning him so that his death came would still be lying dormant if such comsuddenly in the water. Mr. Whelan, who was very much atpanies as those represented by Mr. Hobson and Mr. Whittier did not see fit to invest tached to Sutton, has been making numerarge sums of money for their development.

Hon. Mr. Martin then went on to explain the provisions of the land act as amended last session, and said he was sorry to find out that so many people had not made themselves acquainted with the act. He nformed the meeting that on finding out this fact he had written down to the assistant Commissioner of Lands and Works to to locate. Christensen and Sutton both have circulars printed with the amendment stayed at his place before leaving Victoria. as contained in clause 5, and posted on con-

picuous places in the various districts After answering a few questions, he thanked the meeting for the patient hearing which

had been given him, and said that although this was his first visit to the district, he hoped is would not be the last, and that Dr. Watt having tried to impress upon him that t was not an opposition meeting, he wanted to make mistakes when we view the Indian them to understand that the government lid not ignore the rights and requirements of any part of the province whether their sympathies were opposition or otherwise. Dr. Watt then addressed the meeting and aid the 108 Mile route was not in the public the mistakes so that I may correct them. interest, and that it had been laid out by a As regards sentiment, if you reconsider my elative of a gentleman who had interests at letter you will see that my conclusions are all the 108. It was, therefore, not fair to the based on judicial decisions and instructions public or the road superintendent to have from or pronouncements by Imperial or the report of Mr. A. Stevensonacted upon. In Colonial authorities. I presented the legal fact Mr. Stevenson thought a good route claim of the Cowichans to landed and pisca-could have been found at 111. He said it torial rights; the moral claim is even was outrageous folly to construct the road stronger. Speaking of the former general via 108, and declared how warmly he felt on the matter, saying that misrepresenta-referred inquirers to the very able official on the matter, saying that misrepresenta-tions had been made to the late commissioner, Hon. F. G. Vernon. He then proceeded the Hon. Mr. Justice, Walkem. to attack the Horsefly company, and said they were sternally disgraced for draining money from the public treasury and not pay-ing the contractor. He concluded his remarks by moving a vote of thanks to the Chief Commissioner, which was unanimously carried, and the Chief Commissioner having

replied the meeting came to a close.

BRITAIN'S DEMANDS.

NEW YORK, Aug. 16 .- A special to the World from London says :

ous inquiries about the accident and has Professor Bryce, a member of the late hopes of the body being recovered, as he thinks it next to impossible for a corpse to cabinet and the author of the "American float in the river without being entrapped Commonwealth," in the House of Commons in some of the numerous nets. He has lobby made the following statement in an telegraphed the coroner at Steveston coninterview on the question of the Chinese cerning the matter, and is also anxious to massacre : see Cusick whom he has as yet been unable

"The members of the late cabinet have not decided on any parliamentary action respecting the Chinese massacre. We must wait until we hear what the present government has to say on the subject in the Queen's spe

TO THE EDITOR :- In referring to my let-"Do you expect debate on the massacres ter on the Cowichan Indians you are good enough in your editorial of this morning to before parliament adjourns ?" was asked. "I certainly think it is a question we say that it "is very interesting and ingeni-ous," but add that "nothing is easier than must hear a great deal about. It is of great importance both to this country and America."

question from the standpoint of sentiment. "Do you consider that strong action suppose the inference from these expresshould be taken ?" sions is that I have treated the matter sen-

"I cannot speak authoritatively on that point until I hear the dispatches which have timentally and erroneously ; if the latter I should deem it a favor if you will point out been received by Lord Salisbury from our minister at Pekin. But, on the face of it, it seems a case for strong action. We have no reason to doubt that Lord Salisbury will take whatever steps, in the way of address. ing a remonstrance and demands for satis-faction from China, that may be necessary. We expect a statement from the government regarding it on the first opportunity in the Queen's speech debate, which begins on Thursday.

BEAR'S NEST MINE.

SAN FRANCISCO, Aug. 15. - It is said that the Treadwell-Bear's Nest mine, which once gave promise of being the richest mine in the world, and which was recently pur-

chased by a German and English syndicate for \$1,000,000, is proving unproductive. Charges of fraud are alleged against the sellers. The Nest adjoins the Treadwell

LONDON, Aug. 17.—The Daily Graphic announces that General Wolseley has been choisen to succeed the Duke of Cambridge as commander-in-chief of the army.

I am heartily in accord with many of your expressions regarding the Indian question. As you say, it should be better understood, especially in view of the fact that it may shortly come into " practical politics "-as ABCHER MARTIN,

Victoria, Aug. 16, 1895.
