Canada has 15,000 lacrosse players, 5000 curlers, 4000 snowshoers, 3500 cricketers, 2000 football players, 1000 rowing-men, 1000 baseballists, 1000 bicyclists and 10,000 2000 lootball players, 1000 rowing-men, 1000 baseballists, 1000 bicyclists and 10,000 given to other sports. So says a United States exchange, but you mustn't take it for pospel.

A perfect rush of Italian artists with their attendant original dudes is expected in America in a few days. The organization of the property of the proper for gospel.

The sport of dog racing at Pastime park, Philadelphia, continues to be a very popular amusement among certain classes in the quaker city. Noah Makinson offers \$100 for a "200 yards dog handicap," to take place March 1 and 2, Echo park rules to

During the winter months fishing is not entirely suspended at lake Hopatong, N.J. Anglers from Newark and elsewhere visit the lake and enjoy good fishing through the ice, pickerel being the species of fish most frequently taken, though bass are occasionally caught.

A meeting of the Angler's association of the St. Lawrence will be held during the present month at Utica, N. Y., when a large attendance is expected. The association proposes, in addition to enforcing the laws against net fishing, to devote its energies toward stocking the St. Lawrence with black bass.

The West end rowing club (professionals) of Buffalo, now boasts 54 members.

100 is the limit. A crew of four, consisting of William Crimmings, William Ware, George McDonald and Dennis Cotter, will go into active training soon in order to represent the club at this summer's aquatic

The handicap glass ball tournament at Olcott's, Eglinton, commenced yesterday and promises to be a success. The majority of the pigeon shooters in Toronto find they have not such a dead sure thing on glass balls. Mr. J. Bell, who won the Barrie tournament leads the restriction of the programment leads the restriction. The best cosmetics are good soap and

At the meeting of Hamilton gentlemen interested in the formation of a fencing and boxing club last evening I. McQuesten was elected president. A large number of names of those wishing to become members was handed in. The meeting then adjourned till next week, when the remaining officers will be elected and the question of procuring a suitable room for Hagyard's Vellow till as the best relieved. question of procuring a suitable room for the purpose discussed.

George Bubear, says the London Field, has now won all his late matches with such case that it is clear he has improved immensely in pace, and his staying powers are of the highest class. Judged by the way in which he rows his opponents down, he is likely to prove a formidable antagonist to Wallace Ross, who has to concede £200 a side on the March 10. The Putney sculler is not a fast starter, but he should be able to put fifty-five or sixty yards between himself and Ross before the latter gets off; and, as Bubear is quite as good a stayer as the New Brunswick sculler, a good match may be anticipated.

Hars do thrive!

—The disfiguring eruptions on the face, the sunken eye, the pallid complexion, indicate that there is something wrong going to mithin. Expel the lurking foe to health. Ayer's Sarsaparilla was devised for that purpose; and does it.

Jay Gould does not become

An Editor Beaten at Billiards. St. Louis, Feb. 22.—A match game of eushion-carrom billiards between T. J. Gallagher, sporting editor of the Globe-Democrat, and Eugene Carter of Cleveland for \$500 a side, 40 points, was played to-night at Baldwin's turf exchange. It was won by Carter by a score of 400 to 327. Carter's average was 4 32-92, the best en record. Gallagher's average was 75-401

> Toronto Coaching Club. To the Sporting Editor.

SIR: Much interest is taken in this subject, particularly by members of the Toronto Hunt club, and with fitting arrangements it ought to be a success. But it does not follow that because a man is a good rider across country he is capable to take his position in a club of this kind in a new country. I would suggest the name of Mr. Taylor, a well-known member of the hunt, who, I believe, used to be able to handle the ribbons in grand style.

Toronto, Feb. 22, 1884.

BOB.

The committee held their regular meeting yesterday at Messrs. Cassels' office on King street east, with Mr. Cassels in the chair. Present-Messrs. Hunter, Sims, Kirk, Dundas, Massey, Gooderham, Pel-Kirk, Dundas, Massey, Gooderham, Pellatt, Tinning, Spooner, Boyle, Henderson and Buchan. Mr. Jackson acted as secretard buchan. Mr. Jackson acted as secretard buchan. tary. The question of holding sheep trials for colley dogs was then discussed, and after many suggestions as to suitable places, was postponed for further information to be procured. The premium lists and forms of entry were appounded for discussions. and forms of entry were announced for dis-tribution to-day, having been delayed to permit of the utmost possible number of special prizes being inserted. A goodly number have been received up to date; among the most important being the dominion of Canada's trophy, a silver cup worth \$75, to be assigned to the best six dogs bred and owned in the dominion, the property of one arbibitor. \$25 enumber.

* WHAT * IS * CATARRH? *

[From the Toronto (Canada) "Mail."] Catarrh is a muco-purulent discharge caused by the presence and development of the vege-table parasite amosba in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances, and these are: Morbid state of the blood, as the blighted corpuscle of tuberele, the germ poison of syphilis, mercury, toxcema, from the retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germi-nated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the Eustachian tubes, causing deafness; burrowing in the vocal cords. causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

Some time since a well-known physician of forty years' standing, after much experimentcombination of ingredients which never fails in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease should, without delay, communicate with the business managers, Messrs. A. H. DIXON & SON.

What the Rev. E. B. Stevenson, B. A., a Clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's

New Treatment for Catarrh.

MESSRS. A. H. DIXON & SON:

OAKLAND, ONTARIO, CANADA, March 17, 1883.

Dear Sirs,—Yours of the 13th inst. to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease and never felt better in my life. I have tried so many things for catarrh, suffered so much and for so many years, that it is hard for me to realize that I am really better.

I consider that I am really better.

I consider that mine was a very bad case. It was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter, stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks,

REV. E. B. STEVENSON.
