They then applied to the master in chambers for an order to examine the witness de bene esse, as it was very likely that when the trial finally took place this necessary and material witness would not be able to be present. The master refused the order and Meredith, J., on appeal, declined to interfere with his discretion, but made the costs of the laudable attempt to procure the evidence costs in the action. D. H. The Ostorne Cambling Case.

The Queen v. Osborne is a case of considerable interest just at present, and the point woon which the opinion of Armour, C.J., Falconbridge and Street, J.J., composing Q.B.D.C., is asked is whether the police magistrate at Toronto Junction was right upon the facts established by the evidence before him in finding the defendant guilty of keeping "a common betting house," under sec. 197 of the criminal code, fining him \$100 and septencing him to one month's imprisonment under sec. 198.

The remarks of the learned chief justice clearly showed that he differs essentially from Canon DuMoulin as to what constitutes gambling. Judgment was reserved.

Gentlemen.—I recommend Milburn's Cod Liver Oil Emulsion with pleasure. Last July I took Congestion of the Lungs, and was in bed for four weeks. I was very weak, and could not speak above a whisper. Dr. Lawson of Hamiota attended me, and sent me a bottle of Milburn's Emulsion. It is the very best made, and soon restored my voice and brought me back to health again.

The Flowers That Bloom in the Window. To have bloom by New Year's from hyacinths, tulips, Chinese sacred li-lies, they must be planted now, and no collection of bulbs yet offered has given as great satisfaction as the 50c collection of bulbs offered by Simmers, edsmen, Toronto. To obtain 45 real, Seedsmen, Toronto. To obtain 45 real, first-class bulbs for indoors for the small cost of 50c is certainly well worthy a consideration to every lover of flowers in the Dominion.

The bulbs offered in the collection at 50c are suitable for planting indoors in pots, and will make a splendid display of flowers early in New Years. Don't miss the opportunity. ceived the following despatch to-day from Schwartz Dupee & Co.. Chicago:

Wheat firm, showing at one time a cent rally over Saturday, and crosing almost at that. December-May spread was at times 4½c per bushel; a greater part of the session was barely that. London reported Argentine prospects less favorable—prosably the influential bull announcement for the day. San Francisco reported & cargoes taken for Australia. The increase in the visible—1,895,000 bushels—looked moderate, compared with last week's; the English visible decreased 600,000 bushels. Liverpool prices were up a shade, but it sent almost all bear news. Russian shipments were reported enormous—5,600,000 bushels. There was some important covering of shorts, two important floor traders probably taking 1,000,000 bushels between them. Elevator people were doing a good deal of changing. The asking

price of red winter wheat was advanced 1/2c to 31/2c premium over December. Even at this some business was done with millers—about 100,000 bushels. Foreigners were buyers.

Corn steadled a little on the rains all CLEANING at

Corn steaded a little on the rains all over the corn belt. Argentine supments were 640,000 bushels. There was an increase on passage of 550,000 bushels. The visible increased 336,000 bushels. The local stock—102,000 bushels—increased. The prospects are for the narrowest of fluttuations. Elevator people were sellers of near-by deliveries to-day. Clearances were large—458,000 bushels.

Provisions rallied with a moderate amount of business, which was mostly local. Sympathy with the strength in wheat was the leading innuence of the market. Scalping shorts covered and there was a little outside buying of May pork. Hogs opened higher, but closed easier again. We favor selling on the hard spots.
