TORONTO.	
Toronto, June 12.—The run at the City Cattle Market to-day was 96 loads, with 1,680 head of cattle, 594 sheep and lambs, 600 hogs and 225 calves.	
The heavy runs of cattle this week indicate that the stable-fed cattle are being rushed out very fast. The offerings include some very well finished cattle, but all are not quiet up to the market. There is a good steady demand for the export cattle, but the market on the whole is, if anything, a little easier to-day than last week. Some good prices were paid around \$3.10 to \$5.15, but anything higher than this was very rare, if, indeed, there was anything higher bid.	
Choice butcher cattle were also a little easier than last week, though picked lots were about the same. Common butcher cattle were easier, though there was not very much change in the quotations.	
The sheep market is steady at recent decline.	
The hog market was steady and unchanged from the last rise, but the prospects are said to be for a lower market.	
Stockers and feeders—Market fair; steady demand for good quality.	
Export—Market firm; extra choice, \$5 to \$5.15; medium export, \$4.80 to \$4.90.	
Good short-keep feeders, \$4.75 to \$4.80; market steady.

### WHAT WOMEN SUFFER.

At All Ages They Need the Rich, Red Blood That Dr. Williams' Pink Pills Actually Make.  
A woman needs medicine more than a man. Her organism is more complex, her system more delicate. Her health is disturbed regularly in the course of nature. If anything happens to interfere with that natural course she goes through speakable suffering. In fact the health of every function and the health of every moment in the woman's life depend upon the richness and regularity of her blood supply. That is the simple scientific reason why Dr. Williams' Pink Pills are worth their weight in gold to women of all ages from early girlhood up—they actually make the rich red blood all women need.  
Mrs. Edwin Wark, Brookside, Ont., says: "For three years I suffered from those ailments that make the lives of so many of my sex miserable. I would take weak spells and become so nervous that I could not go about. My stomach was out of order, and I frequently vomited the food I took. Headaches and backaches afflicted me nearly all the time. Then I took a severe cold which settled on my lungs, and I went to a hospital for treatment. I had the best of care, but the doctors gave me little hope of recovery. My face and limbs became swollen and my system racked with a harsh dry cough. As the doctors did not look hopefully upon my case I decided to try Dr. Williams' Pink Pills. By the time I had taken half a dozen boxes there was a great change for the better. I still continued to take the pills until I had used thirteen boxes, and I am now enjoying perfect health. I have no hesitation in saying that I believe Dr. Williams' Pink Pills saved my life."  
Dr. Williams' Pink Pills cured Mrs. Ward by actually making the new blood her system needed. That is all Dr. Williams'

Pink Pills do, but they do it well. They don't act upon the bowels. They don't bother with mere symptoms. They go straight to the root of the trouble in the blood. That is why they cure all blood and nerve troubles like anæmia, female irregularity, indigestion, rheumatism, headaches and backaches, sciatica, nervous prostration and St. Vitus dance. Substitutes and imitations won't cure, purging medicines only make you worse, therefore you must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### DEATHS BY STORM.

Many Fatalities Caused by Storms of Thursday and Friday.

The great electrical storms which swept the western peninsula of Ontario on Thursday and Friday caused much loss of life. About seven o'clock Thursday evening, two sons of George Eisenbach, of the township of Hay, in Huron county, were standing under a shed attached to the barn, when the place was struck by lightning. One of the boys was instantly killed, the other will recover.

About ten o'clock the same night, Miss Elizabeth Biggar was instantly killed by lightning at her home on the River Road, near Port Robinson.

On Friday, a terrible gale of wind struck the new barn owned by James McClintock, near St. Thomas, at which some thirty or forty men were working. The barn was wrecked, and Wm. Clapton, aged 35, and M. Wilson, a lad of 17 years, who were working in the basement, were killed instantly. Mr. J. Willson, father of the young lad who was killed, had his hand so badly crushed that it had to be amputated. Several others of those who were working at the barn were seriously injured.

Thomas Carr, 21 years of age, son of Liman Carr, 7th con. of Walsingham, was instantly killed with lightning about 2 o'clock on Friday afternoon while standing in the doorway of his house. His mother, who was a few feet from him in the yard, had a narrow escape. She was rendered for a time insensible by the shock, but was not otherwise injured.

The house of John Maddock, three miles from Inwood, was struck by lightning on Friday evening. Mrs. Maddock and daughter Blunnie, 21 years of age, were in the cellar at the time. Mrs. Maddock was instantly killed, and her mother received so severe a shock that she may not recover.

A peculiar occurrence near Chatham during the storm of Friday was the death of Mrs. Maria Malone from fright. Mrs. Malone, who was over eighty years of age, was when the storm broke, in the house of a neighbor, who wished her to stay till it passed, but the old lady insisted on returning to her own home, and did so. After the storm, an acquaintance passing the home saw Mrs. Malone lying on a lounge, and called to her, but receiving no answer went into the house and found her dead. A physician was called, who said that death was due to heart failure, caused by excitement.
