AYER'S PILLS.

A New and singularly successful remedy for the Cure of all Billous diseases — Costiveness, Indigestion, Jaundies, Dropsy, Ricematista, Fevers

/ Among the eminent gentlemen to whom we are allowed to refer for these facts, are Paor. VALENTINE MOUT, the distinguished Surgeon of New York City.

100:T. A. A. Harris, Practical Chemist of the Port of Boston, and Geologist for the State of Massharits.

Fort or Boston, and Okongester, the Surgeon and
sachusetts.

In a L. Moore, M. D., an eminent Surgeon and
Physician, of the City of Lowell, who has long used
them in his extensive practice.

II. C. Sourriwick, Esq., one of the first mer
chants in New York City.
C. A. Davis, M. D., Sup't and Surgeon of the
United States Marine Hospital, at Chelsea, Mass.
Did space permit, we could give many hundred
such names, from all parts where the Phils have
teen used, but avidence even more convincing than

United States Marine Hospital, at Chelsea, Mass. Did space parmit, we could give many hundred such names, from all parts where the Pells have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which they present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. Ehe reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with-more or less of armonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect in present. All the inert and ohnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-ovident the effect should prove, as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be always one who has not received them, they will be approachly forwarded by any their mystery. I have no divisteries.

Their life-consists is their mystery. I have no naysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many ement Physicians have declared the same thing of my Pille, and even more considently, and are will-ing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their effects upon trial.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate it into healthy action—remove the obstructions of this stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the fest origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper en the Box.

Prepared by James C. Aven, Practical and Americal Chemist, Lowell, Mass.

LET US REASON TOGETHER.

BOLLOWIST'S DELLS.

WHY ARE WE SICK ! It has been the lot of the human race to be weighed down by disease and suffering. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extractive trial of its virtues has conclusively shown with what success it seemed. eme-stve purgarve pil which could be relied on as been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to were other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative ascelicino is actimonious and irritating to the bowels. This is not. Many of them produces to much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no herm can arise from their use in the pulsary of them years and previously existing obstruction or derangement in the bowels. Being purely vegetable, no herm can arise from their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been specifly cured by them, we may mention Liver Complaint, in its various forms of Jamaice, indigestion, Languor and Loss of Appestite, Listlessness, Irritability, Bilious Headache, Billous Fever, Fever and Apua, Pain in the Side and Loins; for, in truth, all these are but the converse of diseased cation is the liver. As an aperiant, they afford prompt and sure relief in Coctivances, Piles, Colic, Dysentery, Humors, Serotula and Scurry, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly surgestal cures in Rhoumatism. Gout, Dropey, Gravei, Eryspelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the epring of the year, to purify the blood and prepare the syste
