

Town Council declare one-half of Arbor Day or another earlier day if suitable according to the season as a public holiday for the purpose of enabling the members of this Society and citizens generally to plant shade trees and flowering shrubs on our streets and public park known as the Bend and principally on the three streets around the old drill shed grounds (providing the authorities remove the fence and otherwise improve the appearance of the grounds) and generally to promote out-door art and public beauty.

We would also recommend that the Directors offer prizes for outside window box gardening and hanging baskets during the coming season.

OUR BOOK TABLE.

"MILLIONS OF TREES" is the title on the front cover of a very attractive catalogue issued by our advertiser, D. Hill, the veteran grower of evergreens at Dundee, Ill. Mr. Hill has been "at it" for more than forty years, and is known not only all over this land, but in many foreign countries. He is a native of old England, where forestry is more intelligently understood than here. He grows all his stock from seed and develops them into thrifty, hardy trees. Those who deal with him once do so again and again as need arises. Write for his catalogue and mention Canadian Horticulturist when you do.

CATALOGUES - CACTI AND SUCCULENTS, I. H. Cilianter, Canadian Cacti Specialist, Woodstock, Ont.

REPORTS.

FAIRS AND EXHIBITIONS, 1902, Ontario Dept. of Agriculture. FARMERS' INSTITUTES, 1901. Part II Women's Institutes. TRIAL PLOTS OF GRAIN, FOODER CROPS, etc. Dr Saunders, Central Experimental Farm, Ottawa, 1902.

PRICES CURRENT.

	Basis 48 p. c.	
High grade manure salt (90 a 93 p. c. sulphate potash), shipment.	2 05 a
	Basis 97 p. c.	
Manure salt, in bulk, 20 p. c. per unit, O. P.	62 a	64

Nitrate of Soda

is to plants—whether Fruit, Grass, Grain or Roots—what Oats or Corn is to the horse. No other plant food is so essential to plant growth and crop yield.

Our Bulletin, giving the results and conclusions of the Agricultural Experiment Stations and authorities the world over, are free to farmers.
