SIMMERS' BULBS For IMMEDIATE PLANTING

WE WANT every reader of **THE CANADIAN HORTICULTURIST** to have a copy of our **Autumn Catalogue** in which is offered the most complete and comprehensive list of bulbs to be found in Canada. It's free for the asking. To keep up-to-date floriculturally your name should be on our mailing list, and our various Catalogues will be sent as issued.

BULBS—Thousands of people overlook the planting of Spring Flowering Bulbs in the Fall, and have many regrets when they see them blooming in the gardens of their neighbors in the Spring. Send for our Catalogue now, make your selection and plant your bulbs out before hard frost comes, or selection of sorts may be left to us.

HARDY PERENNIAL PLANTS—No better time to set these out than now. They quickly take hold and invariably make finer and stronger plants than when planting is done in the Spring.

J. A. SIMMERS, Seeds, Bulbs, Plants, TORONTO, Ont.
