The Progress of a Successful Company.

The attention of Owners of Private Residences is invited to the Pyramid above which shows the uniform and sure growth of the AGRICULTURAL INSURANCE COMPANY during twenty-three of its thirty-three years of existence. The figures represent the amounts set apart at the dates given for the PROTECTION of POLICY HOLDERS.

Thirty-three years of patient toil has made this the strongest and largest Company doing an exclusive dwelling business in the United States, if not in the world. It now issues over 70,000 Policies a year. No other like Company can show such growth and increase.

The history of this Company proves that a LARGE business, well scattered, managed with prudence, CAN BE DONE WITH A VERY SMALL PROFIT FROM EACH risk, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies, and many of the Stock companies, have failed, on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL, by economy, energy and prudence, has every year added a substantial amount to its Assets, and the indemnity of its patrons, and it now occupies a position in the confidence of the public second to none.

From year to year it spreads the base of its Pyramid and gains strength.
