"A SCOTTISH RAID,"

By ROSA BONHEUR.

ROSA BONHEUR is the most accomplished female painter the world has ever known. This late achievement represents a drove of long-horned "Kyles" and a flock of shaggy sheep on a heather-clad mountain in the Highlands. The scenery is essentially Scotch. The boldness of feature and vividness of landscape set off the cattle with admirable effect without detracting attention from them. Each animal has its own individuality, which is not lost in the confusion of a general stampede. The texture of their hairy and fleecy coats is marvellously rendered, and the whole grouping is that of a master hand. The air seems cool and misty, and the spring morning, fragrant with the scent of the heather. The birch and the pine darken the glebs, and the sedge waves over the moors. In the photo-etching, the greatest care and skill have been used by the engraver to preserve the wonderful effect of the original, and the copies attest the successful reproduction of the great master's work. Size of Copies 20x34 inches.

The above superb engraving is a magnificent companion picture to "The Horse Fair," by the same artist. It is the same size and produced by the same process. We will give a choice between "A Scottish Raid" and "The Horse Fair" to every new subscriber to GRIP for a year at \$2.00 cash. Further, we will give a copy of either picture, post-paid, to any of our present subscribers who send us a new subscriber with the cash, \$2.00, a copy being also given to the subscriber; or, we will send either picture to any present subscriber who, before July 1, pays in full to December 31, 1890. Non-Subscribers may obtain a copy of this engraving, post-paid, for \$1.00 cash.

"Public School Temperance."

The attention of teachers is respectfully called to this new work, designed for use in the Public Schools. It is placed on the programme of studies under the new regulations and is authorized by the Minister. It will be used in three forms. The object of the book is to impart to our youth information concerning the properties and effects of alcohol, with a view to impressing them with the danger and the needlessness of its use.

The author of the work is the celebrated Dr. Richardson, of England; and, this book, though somewhat less bulky, being printed in smaller type contains the whole of the matter of the English edition, slightly rearranged, as to some of the chapters to suit the requirements of our Public School work. It is, however, but half the price of the English edition.

The subject is treated in a strictly scientific manner, the celebrated author, than whom there is no better authority on this subject, using the researches of a lifetime in setting forth the facts of which the book discourses. At the same time the style is exceedingly simple; the lessons are short and accompanied by appropriate questions, and the language is adapted to the comprehension of all who may be required to use the book. Price 5 cents, at all bookstores.
