Mercantile Summary.

"WITH wheat at 75 cents a bushel, the price of bread and other products keeps up pretty well. I had to pay 80 cents per hundred for bran," said a London man in the hearing of a *Free Press* reporter the other day.

A KINGSTON despatch says: Mr. McRossie, an extensive dealer in this city, went to Ottawa to get lumber, but was not able to receive half what he wanted. The price has gone up, and the lumbermen will make good profits out of their outs.

A COMPANY is being organized in Vancouver B.C., to manufacture clothing. The capital stock will be about \$100,000. A similar factory is said to be paying well in Victoria, and the *News Advertiser* sees no reason why one should not pay in Vancouver.

AMERICAN money is now once more taken almost anywhere in Vancouver at par, as the deduction of five per cent. became a great nuisance. The various building societies would, says a local paper, only receive American silver in payment of subscriptions with this discount, but now they will take it at par

THE Laprairie Pressed Brick and Terra Cotta Company is being organized. The proposed capital is \$150,000, the leading movers being Messrs. Peter Lyall, of Montreal, merchant; Hugh Cameron, of Toronto, manufacturer; Archibald Dunbar Taylor, of Montreal; Thos. Auguste Brisson, of Laprairie; William Johnson, of Montreal; and Thomas H. Bothwell, of Goderich, manufacturers.

EARLY in the year 1891, W. J. Austin started a general store at Haliburton in his wife's name. Some time in February the business was transferred to him. Now he assigns, and the affair is found to be somewhat complicated. —An extension of five months is asked by J. B. Davies, general storekeeper at Norman. Owing to slow collections and the delay in starting the lumber mills this spring, he finds such a step necessary.
