

force of the convention if the inspection system for the cessation of production for weapons purposes has not been installed to the satisfaction of each party concerned before the end of the 24 months and if the cessation of production for weapons purposes has not been put into effect.

E. If tests are resumed, each party undertakes to announce and register in advance the dates of each series and the range of total energy to be released therein; to provide for limited observation of them; and to limit the amount of radioactive material to be released into the atmosphere.

VI. The Control of Objects Entering Outer Space.

All parties to the convention agree that within three months after the entry into effect of the convention they will cooperate in the establishment of a technical committee to study the design of an inspection system which would make it possible to assure that the sending of objects through outer space will be exclusively for peaceful and scientific purposes.

VII. Safeguards Against the Possibility of Surprise Attack.

A. From the entry into force of the convention the parties concerned will cooperate in the establishment and maintenance of systems of inspection to safeguard against the possibility of surprise attack.

B. The establishment of such systems will be subject to agreement on the details of its installation, maintenance and operation. It is proposed as a matter of urgency that a working group of experts appointed by the five governments represented on the Subcommittee be set up at once to examine the technical problems and to report their conclusions which could form the basis for an annex to the agreement.

C. With regard to inspection in the Western Hemisphere and in the Soviet Union the Governments of Canada, France, the United Kingdom and the United States propose the following:

1. That all the territory of the continental United States, all Alaska including the Aleutian Islands, all the territory of Canada and all the territory of the Soviet Union will be open to inspection.

2. If the Government of the Soviet Union rejects this broad proposal, to which is related the proposal for inspection in Europe, referred to in paragraph D below, the Governments of Canada, France, the United Kingdom, and the United States (with the consent of the Governments of Denmark and Norway) propose that:

All the territory north of the Arctic Circle of the Soviet Union, Canada, the United States (Alaska), Denmark (Greenland), and Norway; all the territory of Canada, the United States and the Soviet Union west of 140 degrees West longitude, east of 160 degrees East longitude and north of 50 degrees North latitude; all the remainder of Alaska; all the remainder of the Kamchatka peninsula; and all of the Aleutian and Kurile Islands will be open to inspection.

D. With regard to inspection in Europe, provided there is commitment on the part of the Soviet Union to one of the two foregoing proposals, the Governments of Canada, France, the United Kingdom and the United States, with the concurrence in principle of their European allies and in continuing consultation with them, subject to the indispensable consent
