

- (iii) equipment and facilities (including the supply of designs, drawings and specifications); and
- (iv) uses of equipment, facilities, material and nuclear material;
- (b) the supply of material, nuclear material, equipment and facilities;
- (c) licensing arrangements and the transfer of patent rights;
- (d) access to and use of equipment and facilities;
- (e) the rendering of technical assistance and services;
- (f) visits by nuclear scientists from either Party to the other; and
- (g) technical training.

2. The development, manufacture, acquisition or detonation of nuclear weapons or other nuclear explosive devices shall not be regarded as a use, development or application of atomic energy for peaceful purposes.

3. Material, nuclear material, equipment, facilities and information transferred between Canada and the Republic of Korea after the entry into force of this Agreement shall be deemed to be supplied pursuant to this Agreement.

ARTICLE II

1. The two Parties shall, to such extent as is practicable, assist each other on matters within the scope of this Agreement. They shall encourage and facilitate co-operation between their governmental enterprises and persons under this jurisdiction, on matters within the scope of this Agreement.

2. Subject to the terms of this Agreement, governmental enterprises and persons under the jurisdiction of either Party may, with the prior written approval of their Government:

- (i) supply to or receive from governmental enterprises or authorized persons under the jurisdiction of the other Party, information, within the scope of this Agreement, on commercial or other terms as may be agreed by the enterprises or persons concerned, and
- (ii) supply to or receive from governmental enterprises or authorized persons under the jurisdiction of the other Party, material, nuclear material, equipment and facilities, within the scope of this Agreement, on commercial or other terms as may be agreed by the enterprises or persons concerned.

3. Subject to the terms of this Agreement, and with the prior written approval of both Parties, governmental enterprises and persons under the jurisdiction of either Party may provide governmental enterprises or persons under the jurisdiction of the other Party with technical training in the application of atomic energy for peaceful purposes, on commercial or other terms as may be agreed by the enterprises or persons concerned.
