Dear Sir Arthur

In coming across the enclosed copy of the 14th Battⁿ "Growler" published by my old "pal" G. Leonard Dobbin I thought it would be interesting to you if you have not a copy in your possession -

I may explain my only connection with this one and only edition - I was in Folkestone on leave and arranged with a local printer there by request of poor old Dobbin to have the sheets printed and sent out to the "14th" -

Respectfully Yours
