Estimate For Hall.

The building committee reported the
probable cost of a hall for the district,
the dimensions being 18 feet by 36 feet.

Exclusive of labor the cost of it would be
about \$235. After much discussion the
matter was referred back for further information. The matter of sidewalks was also con-

siderably discussed. The secretary read a letter from the Silverthorne Land Coma letter from the Silverthorne Land Company, which stated that their offer of \$400 towards the cost of same was absolutely refused by the York Township Council, the contention of council being that certain parts of the district should be drained by the company before the sidewalks were laid.
