

DIAGRAM VII.

BAVARIA.—MORTALITY FROM SMALL-POX AND OTHER ZYMOTIC
DISEASES IN THE YEARS 1858 TO 1873.

From Tables in the Second Report, pp. 337-38.

Bavaria is chosen by Dr. Hopkirk to show the advantages of compulsory vaccination (see Q. 1489, p. 11, and Table facing p. 238, of Second Report).
