

A New Store; New Stock
—AND—
THE MOST FAMOUS PIANOS
—AT—
Petersen's Piano Rooms
68 KING STREET, ST. JOHN.

**STEINWAY,
CHICKERING,
NORDHEIMER
PIANOS.**

The STEINWAY and CHICKERING are too well known to the public to require comment. They lead the world in the art of piano making.

The Nordheimer Piano is the piano "par excellence" in Canada. Over 3000 have been sold in Ontario and Quebec.

The followings letters speak for themselves.

"I have much pleasure in recommending the Nordheimer Pianos. In my school in Quebec I had several of these pianos in constant use for ten or twelve years and found them highly satisfactory.

H. J. MACHIN,
Principal Church School for Girls,
Windsor, N. S."

"In reply to your enquiry as to how I am pleased with the Nordheimer Pianos that have been in constant use at the 'Alma Ladies' College,' St. Thomas, Ont., for the last eight years, I take pleasure in informing you that their durability and general musical excellence have proved all that I could possibly desire, and I congratulate you upon so successfully producing a piano in Canada, meriting as it does my unqualified praise and recommendation.

ST. JOHN HYTTENRAUCH,
Alma Ladies' College, St. Thomas."
