WANT TO SETTLE VIADUCT DISPUTE

Conference With Members of Parliament and Boards of Trade.

and Deplores Lack of

about a speedy settlement of the viaduct question.

ministration at Ottawa is not disposed to deal with appeal from decisions of

the railway board. The residents of Moore Park are inthe Toronto Electric Light Company, Makes Definite Statement and registered a protest to the board of control yesterday. The city cannot

take any action until Dec. 16, when that district becomes part of the city.

Claims Settled.

The controllers have settled a damage claim of \$50,000 made by Elias Rogers, which arose out of the construction of the Lansdowne avenue subway.

P. H. Drayton, K.C., has settled the board of control for 1913, as he stated Evangelia Settlement arbitration of its claim for \$71,000. The damage was caused by the erection of Queen st. high level bridge over the Don.

Building permits show a net increase of \$2,000,000 to date for the year over that of last year.

"A White Elephant.

"A white elephant," declared Ald. Sam McBride when criticizing the property committee's action relative to the new civic abattoir. He had many faults to find with everything pertaining to public and municipal ownership. "You should not have taken the proposition out of the hands of the proposition out of the hands of the will want an advocate of its plans and aspiration on the board of control," declared another candidate for municipal honors yesterday, "and F. S. Spence stands as good a chance as anyone."

Controller McCarthy has not yet definitely decided to run again, but will should he be permitted to follow

Edward Doddington has offered to sell the city property on the south of Rosedale ravine for park purposes.

Ald Rawlinson wants a portion of Queen's Park flooded for skating during the winter months, free; also another free rink laid out at North Totonto.

Parks Commissioner Chambers has reported against the establishing of rinks at the Exhibition Park and on the west side of Dufferin street, near the railway tracks, as not necessary, the alternative being at the corner of the citizens, in many cases at a sactine raying the satternative being at the corner of the citizens, in many cases at a sactine raying the satternative being at the corner of the citizens, in many cases at a sactine raying the satternative being at the corner of the citizens, in many cases at a sactine raying the satternative being at the satternative being the satternative be
