Yesterday forence I telephoned the attorney-general's department, asking that steps be taken for an investigation, and was informed that Mr. Curry, the crown attorney of Cobourg, had aiready written the department in the matter, and that somebody would have to pay the expenses, if the municipality didn't order it; that, at any rate, Detective Rogers was in Ottawa, but that immediately on his return he would take the matter up with me. We are very anxious that this investigation should be taken up at once.

## OUR WATER IS GOOD.

Editor World: Mr. E. A. Dalley of this city, had a letter in the papers here, from which I clip the following two paragraphs referring to the Toronto system of waterworks. I would like you to state whether he is correct or not. Hamilton has got the best water of any city on the Continent of America; in fact, there is nothing better in the world than what Hamilton has got, and Hamilton cannot afford to take any chances on pumping water direct. any chances on pumping water direct from the lake. Toronto does this, and they have to boil and filter their water. The water is not pure. Garnes shot they have to boil and filter their water. The water is not pure. Germs that cause typhoid are in lake water.

The people in Hamilton, and particularly the children, must be protected. We must have pure water. We can never have pure water if we do away with our filtering basins and take the water direct from the lake. It would be the worst thing that could happen to Hamilton. As I said before, it would be little short of murder, but some people would not care what harm they did, as long as they gained they did, as long as they gained ends. Ex-Torontonian.

Dr. Sheard medical health officer, says that, at the present time, Toronto water is good, and it is not necessary to boil it, altho filtration should be encouraged; in fact, sand filtration on a large scale may become pration on a large scale may become necessity in the not far distant fu-ire. At times there are undoubtedly arms which cause typhoid in lake water, but not just now. As to the Hamilton water, the doctor says he believes it is good, but knows that they are having a little trouble with it now.—Ed.

## LARKIN BARNS BURN.

Millionaire Soap Man of Queenston Suffers \$25,000 Loss.

Niagara Falls, Ont., Aug. 17.-Fire this morning destroyed several of the ston on the bank of the Niagara River. The large store barn and cow byres, which cost \$15,000, was gutted, as well as two other smaller struc-tures. The flames started from a spark from an engine running a threshing machine.

Assistance was asked by telephone from the fire department of this city. men was loaded on a flat car and run down on the M.C.R. with a switch engine. The fire engine prevented the names from spreading to the beautiful residence and other buildings. The total loss to buildings, farm implements one thousand bushels of grain, and three stacks of grain will reach \$25,000, with insurance as follows: The Sun Insurance Company, \$5000; British American, \$5000; Guardian, \$3500; Home, \$3000; Liverpool, London and Globe, \$5000.

Yarmouth Lodge, juveniles, will open up on Monday next, Aug. 20, at 7.30, in Wychwood Hall. Bro. J. Crossland, D. S. G. P., is the installing officer. Members of adult lodges are kindly invited to be present.
