Ald. Hannaford's Scheme Before Finance Committee.

IT'S LIKE LAMB'S PROPOSAL

But Hannaford Suggests Advance Premiums Instead of Debentures.

Sadie is After Eddie.

Edward Harris, formerly of The Hamilton Herald, who left here last Saturday for the Klondike, is being sued for Si0,000 damages for breach of promise. The plaintiff is Miss Sadie Fisher of Brantford, 22 years of age. Her lawyer, L. F. Heyd, says Harris refused to carry out his contract on the ground that he was already married. Lawyer Heyd is endeavoring to serve the writ before the defendant leaves Edmonton.

Same Alderman Wants City Fathers
Paid—The Sewer Pipe Works Fire—Sutt
for Breach of Promise—General Notes.

Hamilton, Aug. 19.—(From The World's
Staff Correspondent.) — The Finance
Committee held a meeting to-night to
discuss Ald. Hannaford's scheme of
municipal fire insurance. In its main
features it is identical with that submitted by Ald. Lamb of Toronto in 1894.

business men are not astray. Here are
a few opinions:
William Burrow of Burrow, Stewart
& Milne: We confidently look for a
bright trade this fall, as a result of the
large crops.
William Copp of Copp Bros.: We are
doing a better business now than we
have for years, and I look for very good
trade by October.

J. H. Tilden of Gurney & Tilden: We
expect good business in another month
from now.

Miss Sarvis Had a Success. mitted by Ald. Lamb of Toronto in 1894. Instead, however, of sound \$1,000,000 in debentures to meet the cost, Ald. Hannaford proposes insurance premiums paid a year in advance at a yearly expense of some 30 cents per \$100. According to Mr. Hannaford's figures, Hamilton insurance companies are making a clear yearly profit of \$166,000 out of the city, which under municipal control would pay for the fire department and leave \$120,000 over. A number of the committee favor the municipal idea, and the matter will come up again.

Ald Hannaford will agitate for a salary pay ment to city aldermen of \$300 to the rank and file, and \$400 to each chairman. He says some compensation should be given for the time lost in looking after the city's interest, and that a salary will make the aldermen more attentive to business.

Miss A. Sarvis, now resident in the city, carried off the honors at the Grims-by entertainment yesterday. Her rendering of "When the Heart Was Young" so delighted the big audience that the singer had to respond with two more pieces before it let her go. It is understood that Miss Sarvis has aspirations for the stage. She has age, voice, appearance and everything in her favor.

The police are looking for a horse belonging to Huckster V. Burns of Locke-street, whose stall was empty this morning when Burns was ready to drive to the market.

A good deal of interest is being evinced by local shoe dealers in the suit against phase the aldermen more attentive to business.

numbering about 70, waited upon Hon Canadian Northwest Traffic

Must Have as Good Freight Vessels as These Sailing From New York, and Passenger and Freight Business Must Be Separated-This Question Is the Most Important the Country Has to

Montreal, Aug. 19.—(Special.)—Hon. Mr. Tarte having asked Sir William Van Horne's opinion as to the best way of securing Canada's trade to Canadian ports, the President of the C. P. R. rehot water heating. ports, the President of the C. P. R. replied as follows:

J. A. Boyle, Montreal, is registered at the Queen's. Northwest traffic has gone to the American ports, and what I would suggest as best to be done to hold it in Canadian best to be done to hold it in Canadian

"The reason of the traffic going by the New York route is a very simple one-that route is, most of the time, the cheapest one. I refer to the cost of carriage all the way from the Great Lakes to the various trans Atlantic ports. H Ontario Brewing & Malting Company. The advantage of the New York route is in the ocean rates, and this advantage in ocean rates is due to the ase of very large vessels, especially adapted to the carriage of freight at the lowest possible cost, vessels such as we have not in the Canadian Atlantic service.

"In order to hold the trade with certainty in Canadian channels, it is absolutely necessary that our ocean carriage should cost no more than the New York route, and this means the employment of similar or superior freight carriers and the complete separation of the passenger and heavy freight carriage. Until this is done, the vast expenditure of Canada on her canals and railways will largely fail of its object. It is necessary to supplement the vast and costly system of internal communication which has been created. It ought to have been done ten years ago, for the losses to is in the ocean rates, and this advansystem of internal communication which has been created. It ought to have been done ten years ago, for the losses to the country from the lack of it have within that time amounted to many times what it would have cost. The first great step towards this end has been made by the Dominion Government in providing for a Tast Atlantic service. This should result in making the carriage of freight a specialty, and in the introduction of freight steamships of the largest and most economical type; and when these come the carriage of Canadian freight and much of that of the Western States will be secured to Canadian channels, and, in my opinion, nothing else will do it.

"I expressed the opinion, years ago, that it was possible to improve our Canadian ocean service to such an extent as to add 10 per cent, to the value of the export products of the Dominion, barring lumber, and time has only strengthened this opinion. If this can be done no effort and no expresse with the carriage of Canadian channels, and in my opinion, barring lumber, and time has only strengthened this opinion. If this can be done no effort and no expresse with

e done, no effort and no expense with reason should be spared to bring about as quickly as possible. Indeed, it should take precedence over anything else, for it is the most important commercial question the country has ever had to consider. Yours very truly, W. C. Van Horne."

Quebec Exhibition Opened. The Provincial Exhibition was for-mally opened to-day by Mayor Wilson-

The Sovereign Great Priory, Knights Templar of Canada, was in session here this morning. Delegates are present from Toronto, Hamilton, London, Ottawa, Halifax, Yarmouth and St. John, N. B. Besides this, the Lewiston, Me., Commandery, 150 strong, and the Trinity Commandery, Manchester, N. H., 100 strong, are here, and were received by the Great Priory this morning. The Grand Master's report shows the numerical strength of the order to be 1778, which is a gain of 230 over last year. Meeting of the Great Priory.
