### FIXING UP THE STREETS.

#### Board of Works Held a Special Meeting Yesterday.

Numerous Hamiltonians Expect to be Millionaires in the Near Future - Sixteen-Year-Old Saviour Another Boy From Drowning - Other Notes From the Ambitious City.

Hamilton, Aug. 11.—(Special.)—The Board of Works held a special meeting this evening at Chairman Dunn's request to consider the proposal to improve several of the principal streets. Ald. Dunn submitted the estimate of City Engineer Barrow for the laying of macadam on the following streets: Hughson-street, from King to King William, to cost \$984; John-street, from King to Rebecca, \$3416; King-street, from Wellington to Emerald, \$6630. Ald. Dunn added that York-street, from McNeil to Queen, would cost about \$10,000. All the amounts include curbing.

The members of the Board held a lengthy discussion for about an hour, expressing their individual views of road making and regretting that they had more than \$3000 of the Board's money to expend on streets. Finally Ald. McDonald moved in effect that the work recommended on John-street, to Rebecca-street, be proceeded with and that the chairman, Ald. Pettigrew and McDonald, be a sub-committee to wait on the Finance Committee and ask for a special appropriation to carry out the improvement. Ald. McDonald moved in effect that the members of the Board be authorized to give him such encouragement. If the Finance Committee can be prevailed on to make an extra grant, the Board will make an effort to improve York-street, which requires it badly enough.

After a Big Fortune. Several Hamiltonians are said to be interested in the division of a fortune no less than \$150,000—said to be laid away in the Bank of England and awaiting claimants. Those directly concerned are Mr. D. Dewey, Mr. W. G. Moore, Mrs. Van Norman, Mrs. A. C. Turnbull and Mrs. R. B. Ferris. The enormous wealth was left by an East India merchant named Tracy, who, it is said, left his property to the third generation. Some of those mentioned are of the fourth generation, but they all hope to be millionaires in the course of time.

Forfeited His Bail. Samuel Burnham, of no special address, was found guilty by Mayor Bertram at Dundas this morning on the charge of obtaining \$10 by false pretences from a man sent to the Mayor, saying he had to go to Ottawa, and asking that the case be adjourned till Monday or Tuesday. Burnham's bail that could be realized on \$5 in cash and a silver watch—was forfeited. Inspector Jarvis says Burnham got the money from him on the strength of his statement that he was a government officer, carrying despatches between Ottawa and Washington.

George Grassett of West Flamboro was found guilty by Mayor Bertram of committing an aggravated assault on Louis Gravel, also of West Flamboro. He was sent to jail for 30 days and ordered to pay \$10 fine, \$10 damages, and costs, and also \$10 more.

A Brave Boy. Fleming Renton, son of Mr. Thomas Renton, Bay-street North, is only 16 years old, but he has already distinguished himself as a life-saver. With his brother Robert, last Monday he saved the lives of two men off Willow Point. Yesterday afternoon he distinguished himself by saving a boy, Charles Winn, Macdonald-street North. The boy, trying to track a small fish, fell into the bay near Bay View. Renton heard his

cries for help and rescued him from the water.

Not Till Next June. At a meeting of Beach residents in Saltfleet Township, Messrs. W. A. Wood and James Dixon, representing the Radial Railway Company, showed by correspondence that it would be impossible to have an electric sprinkler to water the Beach roadway for some months. As the Township Council was willing to stay legal proceedings, if the Beach residents were agreeable, the meeting decided to relieve the company this year on its understanding to exchanging on the road on June 15 next. The company's representatives undertook to furnish the bond.

Wholesale Dog Poisoning. The poisoning of dogs continues in various parts of the city. Within the last day or two five dogs on or near Grant-avenue, and two on other streets, were poisoned. The owners of the canines are indignant and if the poisoner is found he will have to appear before Magistrate Jels.

Police Briefs. The Magistrate at today's Police Court sent Melissa Mendell, found guilty of stealing a watch belonging to Mrs. Stonehouse of Dundas, to the Central Prison for six months.

Arthur Truck of Burlington and William Thorne, truck, were arrested to-day on the charge of stealing melons from David Simpson's farm across the bay last Monday.

Misses' Attacks. Alfred J. Spicer died suddenly when taking dinner to-day at his home, Catherine-street South. Deceased was 77 years old and had lived in Hamilton 60 years.

Mr. A. H. Myles and Mr. R. S. Martin of the H. G. B. contractors, who were on the road from Beamsville to St. Catharines yesterday, were arrested at Decease's Falls, where the contractor company will get its power, will be made next week.

The members of Barton Township Council yesterday afternoon inspected the roads and bridges of the township and found everything in the best of condition.

Could Not Fix the Time. "Can you fix the time of these tramps' sojourn?" "No, I can't; but I think they came early in the spring. These men never explained why he traveled so much. He never explained why he traveled so much. He never explained why he traveled so much."

Mrs. Meeks Identified the Duds. Mrs. Pamela Meeks on being sworn said: "The man sitting in the corner, the big fellow, was the man who was in the jail with me. He is the short man. He is the man who was in the jail with me. He is the man who was in the jail with me."

Little Willie Meeks was then called. He also identified both Holden and Mackie as the tramps. "I saw them in the jail with me. I saw them in the jail with me. I saw them in the jail with me."

# THE TOOLS HE SAW

Continued from Page 1.

Continuing her story, the witness said: "When the tramps were on, I was living in Toronto with my mother at 50 Mutual-street. Mackie was living at my place at that time. He used to go a little to the Woodbine races. I only once discussed the tramps with my mother. It was that Mr. Ponton should be convicted. He said nothing."
