NEW TOWNS IN CUBA. Built by Americans who start plantations—orange groves—Promises Well.

The new towns of our great west... aren't a bit more remarkable than those of American growth which are present at springing up all over Cuba.

THE AMERICAN TOWNS IN CUBA are not boom towns... they represent a growth which is steady, even if it is rapid.

There was one town in our own town three years ago... He had a planter in Florida, and the fruit had come, and in consequence he had to leave his home and his family.

He set about doing... To-day he has his own plantation, a large one, and he is now a planter in Cuba.

He has his own plantation... He has his own plantation, a large one, and he is now a planter in Cuba.

I WILL BUY 1000 Shares of the Common Stock of the Mexican Exploration and Development Co. will be issued to subscribers as a bonus with each \$50 Bond.

OUT OF THE ISSUE OF 1000 OF THESE BONDS, LESS THAN 400 NOW REMAIN AVAILABLE FOR SUBSCRIPTION, AND THESE, BEING UNDERWRITTEN BY THE FIRM OF DOUGLAS, LACEY & CO., OUR COUNTERPARTY, AT A DISCOUNT OF THE 1000 APRIL COUPON, \$175 GOLD, MAKING THE COST OF EACH \$50 BOND, \$48.25, INCLUDING THE 1000 SHARES, PAR VALUE \$1000, OF THE COMMON STOCK OF THE MEXICAN EXPLORATION & DEVELOPMENT CO., ACCOMPANYING EACH BOND.

These twelve miles of railroad from Quirio Station on the Mexican National R. R. to the mill of the company, with a capacity of 50,000 tons daily, is now under active construction, and it is expected that the dividends to be declared on and with this road completed there would seem to be no possible question but that the dividends to be declared on the Common Stock bonus would be sufficient to give a profit on the investment in these bonds of at least 100 per cent. within the next eighteen months, in addition to the coupons of 7 per cent. interest, guaranteed and payable in gold in New York, semi-annually, on each bond.

The building of this road is being accomplished by placing First Mortgage Bonds on same at a valuation of a trifle over \$4000 per mile for roadbed, rolling stock, stations, etc., and less than \$20,000 of these bonds remain to be subscribed for.

While a portion of this road is already completed, Messrs. Walker W. Vick, Auditor, and Charles H. Lenders, General Manager, left for Mexico City on April 15th, to let all of the contracts for the completion and equipment of the road, which it is expected will be in operation not later than September, 1905.

Investors desiring to secure any part of this issue of bonds, with the large bonus as offered, which in one option, outside of their 7 per cent. guaranteed annual interest payable through semi-annual coupons attached to each bond, will net the holder a profit of at least 100 per cent. and probably 200 per cent. from the profits on the common stock, within the next eighteen months, should make application for same at once.
