Four Favorites, Two Second Choices and a Third Choice in Front-Nicol and Shilling Win Two

Jockey Dave Nicol had a big afternoon yesterday at Woodbine Park,landing two winners and twice securing
the place money. Shilling also had
two firsts. Again the weather conditions were ideal, and the attendance above week-day proportions. The

that they had a chance, and money was
thrown away from this quarter. Kelpie,
scond from the rail, led first time past
the stand, Inferno next on the outside,
then Zipango and Lois Cavanagh last
on the outside. Shilling rated Inferno
nicely, and still he soon opened daylight, tho Nicol urged his mount. They
were soon strung out, and entered the
stretch in a long procession, the Seagram horse's long, slow strides being
sufficient for a length win over Zipango,
with Cavanagh third.

Ida Reck beat Herman Johnson, the
favorite in the opening event, the race
being between the two, about whom
there was considerable play. Alencon
landed the show.

Inded the show.

Mrs. J. W. Pangle was off running in the second, Mercia refusing to respond to the barrier, while Happyland was turned, round. Fairbrother essayed a drive entering the stretch, but the chase was too stern and he gave up.

Ellicott was a good horse yesterday, but he had to do his best to land the Madigin money in the third race, as Cave Adsum was on edge, and only lest after a long drive. Oxford had all the luck, but third was his proper position.

Sam Parmer stood up and won the steeplechase, because Archibald could not stay on Manzano, the favorite, that fenced well and had the speed till the spill. Then Picktime chased the leader, but could not quite get up. Tony Hart was prominent, but the distance was a half too long. Huddy, well-played to win, was alone in third place. Picktime and Manzano were both backed first and second.

The above is a bona-fide record of my first best and second best bets since the opening day at Woodbine,

ANOTHER 20 to 1 My one best bet, and he will be given for a plunge bet, a good thing that has burned up the track hi its work. In his races his endeavors have principally been confined seeing how far he can be behind the winner. I don't say that this horse has been pulled; in fact, horses are rarely pulled, save in the minds of some soreheaded neophites at the racing game, and in the stimted minds of a few race track follower s. However, we'll be charitable and say this horse has met with weak rides. To-day the ride will be strenuous enough to satisfy most exacting, and as to the test, it's just a question how far he will win by. This animal's speed is so well known that the price will not be better than 20—1. But this is not a speculation; it's more than the price will not not a speculation; it's merely investment for a few minutes that will make bank stock look cheap in comparison.

My one-horse wire for a safe and sensible method of beating the races has all others skinned a million miles.

DOMINION DAY REGATTA.

The Dominion Day Regatta committee met last night at the Toronto Rowing Club quarters, King-street East, with T. R. Galt in the chair. It was decided to R. Galt in the chair. It was decided to start races in front of the Toronto Rowing Club's clubhouse. E. Durnan will lay out the course.

The prizes will be solid gold medals for all events.

If a closed regatta former winners in junior single and double events will not be allowed to compete.

Everything points to this being one of the best regattas ever held in Toronto.
