Olympic Canada Counts ⁘ Bowling Niagara Opening ⁘ Baseball Buffalo 8 Toronto 5

NOTE AND COMMENT

If one thing can be said of the Englishman as you meet him at home it is his fairness. Yet the Yankees have set up a howl about the manner of drawing in the Olympic, claiming that their men are obliged to put each other away in the heats, forgetting that the other countries are doing the very same thing. Boss Sullivan went further, according to cable reports, and stated that the A.A.U. runners were bunched by design.

It can easily be seen how the professional promoters of the A.A.U. can make themselves offensive anywhere, and they will surely be taken at their true worth across the water, same as this side.

Should the Olympic committee be called upon to adjudicate a Longboat protest the actions of the Yankees will hardly incite the members against the Indian even if the Americans themselves seriously thought that they had any chance of winning the marathon by such methods.

Sullivan himself became so obnoxious that he was refused admission to the Stadium field while the races and games were in progress, according to the following special cablegram to one of his own yellow organs in New York: James E. Sullivan, president of the A.A.U., was refused admittance to the field of action, despite the fact that the votaries of other countries were permitted on the field. The English commissioners openly coached their candidates from the side lines.

While Con. Walsh, Mike McGrath and John Flanagan use their native skill and brawn to score all nine points in the hammer contest for their adopted countries at the Olympiad Ould Ireland stands sadly by saying nary a word.

Tim Flood booted a foreign umpire at a ball game in Toronto and received fifteen days, which he served. Fred Taylor of the Capitals punched a Canadian referee at a lacrosse game in Ottawa and after being excused in the police court was voted a letter of censure. The only excuse for the lack of severity seems to be that the man assaulted hailed from Montreal.

Lally Collyer of Guelph, author of that clever and interesting turf serial story, "Over the Jumps," now running in The Sunday World, passed thru Toronto yesterday to spend a few weeks at the hearth from which he has been absent a year at the southern tracks. Mr. Collyer is one of the big, bright writers who is always busy and is home for a well-earned rest. He will resume at Fort Erie for his syndicate of newspapers.

New York advices are to the effect that American carpet-baggers with plenty of money are endeavoring to obtain control of several tracks in this country, for gambling purposes, and they can be curtly answered that their mission will result in failure. The existing jockey clubs find it sufficiently difficult to keep the game clean iwth-out coping with an outside element.

The poker-playing Yankees need not invade Canada to exploit new turf fields, because New York State, etc., threaten to go out of business. There is part of the south still wide open, and Savannah, Mobile, Tampa and other centres are said to be yearning for the glamors of winter racing.

A New York writer figures out that memory betting, as conducted at the racetracks under the new conditions, is all right when men who make the bets do not lose their memories between the time of betting and the time to settle. As a matter of fact, it is more convenient than the old way, where the money was passed at the time of making the wager; but when there are so many men who cannot remember their wagers over night—that is, their losing wagers—it is rather hard on the memory brokers.

Darkey, the Newmarket pacer, created a new track record at London yesterday.

Across the line the harness racing season of 1908, while still young, has been most eventful in the number of sensational trotters and pacers uncovered and the many new records made in all parts of the country. The most remarkable performance to date was the heat reeled off by Ed. Geers, with the trotter Highball, in 2.03 3-4, a world's record for a gelding of any age.

Another fast performance was the mile by the pacer Minor Heir, by Heir-at-Law, which stepped in 2.05 1-2, in the first heat of the 2.18 class at Peoria on July 5. Charley Hal, by Star Hal, reduced his record from 2.17 1-4 to 2.09 3-4 in the 2.11 class, and Spill, by Wawan, eligible to the 2.10 class, paced two heats in 2.07 1-4, 2.06 1-2.

Fleming Boy, by Camera, a green M. and M. candidate, trotted two heats at Peoria in 2.08 3-4, 2.07 1-2. Alceste, by Jay Bird, won a heat in the race in 2.09 1-4, and Amy Brooks, by Haxhall, another M. and M. candidate, won the Peoria $5000 M. and M. in 2.10 1-4, 2.09 1-4.

England Leads on Points Walsh Scores 1 For Canada

Tait Finishes Just Outside Money in Race of 1500 Metres---Goulding is Fourth in Walk.

LONDON, July 14.—America and Great Britain captured most of the laurels today in the first real business day of the Olympic sports. Twice the Stars and Stripes fluttered to the top of the staff in the centre of the arena. The honors were nearly even, for of the four events finished the United Kingdom and the United States each won two gold medals.

Great Britain, however, took three silver medals, while America got only one. Canada, Australia, Great Britain and Belgium each obtained a bronze medal.

The Yankees had the hammer-throw to themselves, and the performance of John J. Flanagan of the Irish-American Athletic Club, in breaking the Olympic record with the hammer, and the almost equally good record made by M. J. McGrath of the New York Athletic Club, were eye-openers to the foreigners. M. W. Sheppard of the Irish-American Athletic Club, however, did more spectacular work and aroused a greater degree of enthusiasm by crossing the tape ahead of his rivals in a dashing finish to the 1500-metre run. This the Englishmen had counted on for Wilson or Hallows.

In the fancy diving, the judges announced that George W. Gaidzik of the Chicago Athletic Association had done the best work.

The British pedestrians had their own way in the 3500-metre walk.

The 20-kilometre cycle race was the most cosmopolitan event of the day. The eight riders were well bunched in the last lap, and it was only in the final hundred yards that the fight was decided.

The Team Race.

The first three heats of the three-mile team race were interesting. The United Kingdom was pitted against Italy, Holland and Germany in the first, and in the second the Americans met teams representing Sweden and France. Great Britain had a walkover in the first heat, four members of her team keeping together thruout, running their opponents off their legs and coming under the wire elbow to elbow in slow time. The American combination set a faster pace in their heat, but on nearing the finish the Frenchman, Bouin, shot ahead of the field, and the best the Americans could get was second and third places. The Canadians, who were expected to make a good showing in this heat, failed to appear. The final will be contested to-morrow by the three first men of each team.

The other interesting number on the program to-day was the 660 yards cycle race, for which there were 18 heats. Of this number the United Kingdom won six, France three, and Holland, Canada, United States, Africa, Germany and Belgium one each, while one heat was void because the time limit was exceeded.

Big Show.

The games were as bewildering to watch as a three-ring circus. At onetime a dozen bicyclists were wheeling along the outer edge of the oval while 20 runners were racing on the cinder path just inside of it; swimmers with bright-colored caps were splashing thru the long tanks, while on the green sward within members of the Danish and German gymnastic clubs, arrayed in flaring white uniforms, were performing spectacular feats on the horizontal and parallel bars, and giving exhibitions of calisthenic drills. Judges, scorers, trainers, timers and rubbers of the many nationalities represented swarmed everywhere.

The only disappointing feature of the exhibition was the crowd in attendance. The enormous stadium, which was built to accommodate 70,000 persons, at no time to-day held more than 10,000. There were blocks of empty benches, and during the morning session there were only a few hundred people gathered thru the great expanse of chairs. Considering the English devotion to sports and the generosity with which the public responded to the appeal for $50,000 by subscription, the small attendance is surprising.

Threatening Rain.

The weather to-day was discouraging to sport. It continually threatened to rain, and a few light showers did fall. Unless the attendance greatly increases, the Franco-British Exposition, which built the stadium, and receives 70 per cent. of the receipts, will be a heavy loser.

The Irish athletes have expressed dissatisfaction because the Olympic committee has refused to permit them to enter a separate team on the ground that Ireland is not a nation, thereby compelling them to compete as a part of the British team. Finland has her own delegation, which attracts much attention. The Finns were anxious to parade with the Finnish flag, but as their request to be allowed to carry it was vetoed by the Russian officials, the Finnish contingent was the only one that appeared in the procession without a flag, as they would not display the Russian colors.

Table Longboat Protest.

The committee will consider the American protest against the eligibility of Tom Longboat, the Canadian Indian runner, to-morrow, but it is believed they will table it on the ground that it was not properly presented.

Goulding Wins His Heat.

G. E. Larner of the United Kingdom team easily won the first heat of the 3500 metre walk in 15 min. 32 sec. H. E. Kerr, Australia, was second, and W. J. Palmer, England, third. In this event the first three in each heat qualify for the final.

E. J. Webb, England, won the second heat in 15 min. 17 1-5 sec. In this heat Quinn, England, finished second, and Rothman, Sweden, third.

George Goulding, Canada, won the third heat in 15 min. 54 sec. Harrison of England was second and Rowland of New Zealand third.

The final of the 3500 metre walk was won by Larner, England. Webb, England, was second, and Kerr, Australia, was third. The time of the winner was 14 min. 55 sec.

The final of the 1500 metres flat race was won by Sheppard, American, Wilson, England, was second, and Hallows, England, was third. Sheppard's time was 4 min. 2 2-5 sec. He equaled the best time made in the preliminaries yesterday. This was done by Hallows, who, by making the distance in 4 min. 3 2-5 sec., cut a full 2 seconds off the record made at St. Louis in 1904.

Tait Fourth in Final.

Sheppard lay back in the first stages of the race, and let the others take the lead. He was fourth until the last stretch, and Wilson and Hallows were in the first string. As the men started to sprint on the back stretch of the final lap Wilson was in the lead. As they turned in the straight, Sheppard sprinted the last 100 yards, and, passing his competitors, crossed the tape one and one-half yards ahead of Wilson.

Hallows was five yards behind Wilson, and Jack Tait of Canada finished fourth.

NATIONS SCORE POINTS.

	H'r.	1500m.	Walk.	Cycle.	T'l
England	0	4	8	8	20

Walsh, Canada; McGrath and Flanagan, United States, qualified for the final.

Walsh Scores Point.

In the final Flanagan finished first with a throw of 170 feet 4½ inches, beating the Olympic record. McGrath was second with a throw of 167 feet 11 inches, and Walsh, Canada, third, 159 feet 1½ inches.

SOME SURPRISES IN TENNIS

Spanner and Dineen Defeat Baird and Witchell—Results.

Yesterday furnished one of the surprises of the Toronto Tennis Club tournament. Spanner and Dineen played spectacular tennis thruout their game with Baird and Witchell and succeeded in winning one of the best and hardest-fought games of theturnament. Dineen showed splendid headwork in placing deep, low lobbs over Baird's head, driving him away from the net, where he is so dangerous, and eventually breaking up the splendid team play exhibited on so many former occasions. Baird won a well-edserved victory over Henderson in the handicap. Results:

Men's doubles—Spanner and Dineen defeated Baird and Witchell, 4—6, 7—5, 6—4; Macdonell and Burns defeated Robb and Breckenridge, 6—4, 6—3.

Mixed doubles—Miss Moyes and Burns defeated Mrs. Smith and Walker, 6—4, 6—3.

Men's handicap—Purkis (minus half 15) defeated Lyall (minus half 30), 2—6, 6—4, 6—2; Laird (minus half 15) defeated Henderson (minus half 30), 6—4, 7—5.

Men's doubles—Parton and Meldrum v. Andersonand Laird, 4.30; Spanner and Dineen v. Macdonell and Burns, 4.

Toronto Yachts on Their Cruise to Cleveland and Put-in-Bay.

ERIE, Pa., July 14.—(Special.)—The yacht Aggie of Toronto won the flag offered by Commodore Worthington to the winner of the race from Port Colborne to this city. The Aggie sailed into the Erie harbor early this morning, closely followed by the other contestants in the event. One of the Buffalo yachts went aground at the hard coal docks while coming into the harbor, and it was necessary to send out a tug to get the craft off the rocks.

This afternoon the members of the Erie Yacht Club entertained their visitors at Four-Mile Creek. The program of sports consisted of a tug-of-war between the American and Canadian yachtsmen, which was won by the former, and a 100-yard dash, won by Charles Allen of this city.

To-morrow morning the yachts will start on a race off Ashtabula, and the following day they will go to Cleveland. From there they will go to the regatta at Put-in-Bay.

Smith Returns to Cornwall.

CORNWALL, July 14.—(Special.)—Another Cornwall old boy, Donald Smith, who had been sojourning in the shade of Hamilton's mountain since April, has returned home and may be able to catch a place with Cornwall ere the end of the season. Smith was a good man in 1905, but last year never struck his old pace. He should be an improvement to the Cornwall home.

American Regatta Dates.

PHILADELPHIA, July 14.—Winning local crews by reason of their excellent performances during the last three months on the Schuylkill Navy and People's regattas will attend the National and Middle States regattas in larger numbers than perhaps ever before. From present indications five crews will surely attend the national regatta to be held on the Connecticut River, at Springfield, Mass., Aug. 14 and 15, while it is probable the number may be increased to ten crews by the time entries close, on Aug. 1. The Middle States regatta, at Washington, on Labor Day, will have at least a dozen entries.

Hampshire Man Makes Century.

SOUTHAMPTON, July 14.—A heavy fall of rain delayed the start of the continuation to-day of the cricket match between the American team, representing the Gentlemen of Philadelphia, and the County Hampshire eleven. The Philadelphians had only half an hour at the bat before lunch was called. Their score was 27 for one wicket. At 5 o'clock this afternoon the Philadelphians had made 275 runs.

Hampshire scored 463 in their inning, which included 160 by Bowell and 87 by W. U. White.

Buffalo Scores Four in Fifth Plate Floated for Applegate

Rochester Again Bump Montreal, While Baltimore Wallop Jersey City—Rain at Newark.

The Bisons won the second game of the series yesterday because Cross-fire Applegate found the plate floating in the fifth innings, and before his wobbling ceased four of the visitors had crossed the pan. Then as the ninth Bison batted somebody woke up in time to have Rudolph relieve Applegate. The score was 8 to 5 in favor of the visitors.

Previous to the fatal fifth, the Leafs were enjoying a comfortable lead of two, which looked good enough to win, but Applegate, with two hands down, took a balloon ascension, passing four men, which, aided by two singles, resulted in four scores. It was a repetition of the second game Saturday, but in this case the runs were gifts.

McConnell, the Bisons' elongated twirler, showed signs of blowing up on several occasions, and Rube Kissinger was chased to the warming-up spot early, but the big fellow settled down, and in the last five innings was master of the situation. Archer's pegging and Wiedy's one-handed catch of Archer's long fly were some of the features.

The Leafs were the first to score, and it was that hoodoo number 2 in the second. Schafly walked and was safe at second, when McConnell tossed Caffyn's bunt wild. Phyle forced Schafly, while Frick's single filled the sacks. Pierce's infield out scored Caffyn, while Applegate's Texas Leaguer tallied Phyle and Frick. Gettman forced Applegate.

Buffalo kept even two in the third. Nattress was given free transportation, and Schirm beat out a bunt. White's out advanced the runners, but Keister's hit to Frick scored Nattress and Schirm, the latter scoring, when Keister bumped into Gettman.

The Leafs counted in the fourth. A charity to Frick with one down, Pierce's single and Smith's wild heave to first when Applegate forced Pierce at second counting Frick.

The Big Show.

The big show was in the fifth. McConnell failed to get on, and Nattress fanned. Schirm walked, likewise White, but not till Schirm had purloined second. Keister's single counted Schirm, Keister annexed second. Whitney and Smith went the easy route, the latter forcing in White. Hill hit to right, scoring Keister and Whitney. Rudolph relieved Applegate here, Archer going out pitcher to first.

Phyle, the first batter in the sixth, knocked out a home run, making the score 6 to 5, but the Bisons decided the issue in the ninth, when Schirm singled and stole second, Jack White sending him home with a wallop into the bleachers.

Final Game at Island To-Day.

Toronto and Buffalo will play the final game of the series at the Island to-day at 3.45. This will be the last game on the home grounds this week. Kilroy and Kissinger will be the opposing pitchers.

ABSTEIN WILL QUIT GRAYS.

If Big Bill Abstein, captain and first-baseman of the Providence team, carries out his threat, he will quit the Grays on pay-day, which falls on next Wednesday. Abstein has been at loggerheads with Bob Peterson, the Providence catcher, for nearly a week, the trouble starting in Newark last Tuesday, when the Grays were there to raone day stand with the Indians.

In that game Peterson became sulky and deliberately quit by refusing to catch Sline, who was pitching for the Grays. After Peterson was out of the game, Ostdiek took his place behind the bat, and in the eighth innings he sustained an injury to his hand which will keep him out of the game for several weeks.

As Abstein and Sline are bosom friends, Abstein resented Peterson's action in quitting, and has since played very poorly when Peterson is doing the catching. Duffy's failure to land another backstop invited Abstein to such a degree that the player's work has slumped in all departments, and the other day in Jersey City he made no effort to hit the ball when a hit would have won the game. With Abstein off the team, the Grays would be greatly weakened.
