

HAMILTON HAPPENINGS

LARGER STIPENDS FOR THE CLERGY FAVORED

Niagara-Diocese Places Itself on Record—Requests for Railway Extensions.

HAMILTON, June 7.—(Special.)—The Niagara Synod this afternoon placed itself on record in favor of larger stipends for the clergy. There was prolonged discussion on the question. Some wanted it stated that the minimum salary should be \$1000, but the delegates of some of the country parishes said they could not pay this. Another motion carried was that a committee should be appointed by Bishop DuMoulin to give immediate practical effect to the foregoing resolution.

The committee on the ministry of laymen made some interesting recommendations, among which was one that lay readers should be appointed according to examination. The Sunday school report, presented by George C. Copley, showed that there were 1772 officers, teachers and scholars in the Sunday schools of the diocese. An unaccountable shrinkage in the number of scholars prevailed, however. The committee on religious instruction in the public school was pleased to see that there were certain passages from Scripture in the public school readers. The committee also thought that the presence of the catechism in Protestant schools of Ontario might afford a suitable basis for framing a catechism in use in the public schools of Ontario.

Tonight Bishop and Mrs. DuMoulin held a reception for the delegates at the See House.

The county council this afternoon made a grant of \$250 to the 7th Regiment, 300 to the 2nd Dragoons and 25 cents a day for 16 days for 50 horses was granted the Fourth Field Battery.

The grand jury this afternoon brought in a true bill against Elizabeth Corcoran, charged with neglecting to procure medical attendance at the time of the birth of her child, and Frank Anderson, charged with neglecting to procure from Miss Sauer on the mountain.

There were several requests for railway extensions before the works committee to-night and each was met with stubborn opposition from strong deputations of ratepayers. The T. H. and B. applied for a line for to lay a number of new tracks in the south-eastern part of the city for storage purposes. The residents in the vicinity claimed that the company wanted the tracks for sorting purposes, while City Solicitor Waddell accused the company of having a deep laid scheme for securing a higher grade for its line through the city. He was in favor of forcing the company to lay its plans before the board. The application was refused.

It was decided to make further enquiries about the request of the H. G. B. Railway to connect with the radial railway in the east end for the purpose of exchanging freight. It was suggested that the freight might be carried over the radial railway tracks to Main and Sherman avenues, but this was considered a dangerous expedient, and the whole matter was laid over.

The committee found itself up against a snag in regard to new roads to the Oliver Plow Works, which it is compelled to build under the agreement with the company. The work will cost about \$7000, and as the committee has not money enough to do that, it will have to try and borrow from some of the other companies.

Andrew Nelson, a lad 18 years of age, was taken to the city hospital to-night suffering from internal injuries. He was struck by a wagon near the corner of Hess and York-streets. His condition is serious.

Acting Detective Barrett to-night arrested James Findlay, 41 Market street, on a warrant charging him with assaulting his wife. Findlay was bound over recently for threatening.

The Oliver Chilled Plow Company announced this morning that it had completed a deal with the International Harvester Company of America, whereby the latter will handle the Canadian sales of the other company.

Four crates of strawberries gave the lie to reports that have been circulated that they would be late this year on account of cold and cloudy weather. H. R. Emery, Plains-road, brought in this offering to the central market, and obtained 15c a box for the entire lot. Noteworthy features about the offering were that it was larger than usual for a first lot, and that it was one week earlier than the first of last year's crop.

Catharine Hanrahan, corner Barton and Catherine-streets, Hamilton, conveniently situated for the purpose of all parts of the city. Erected in 1908. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Those Hanrahan, proprietor. Phone 1465.

Will Advise on Navy. William White, who was for seventeen years the responsible designer to the British admiralty, is in the city. It is understood that his present trip is taken for the purpose of advising the naval department in connection with the designs of the vessels for the Canadian navy.

NO PLATES REQUIRED

Bridge work per foot \$5.00
Crown Girders 5.00
Steel Girders 5.00

NURSES AT OLD NIAGARA
ONE OF CAMP FEATURES

Troops Tented Last Night on Old Camp Ground—Gen. Cotton is a Busy Man.

NIAGARA-ON-THE-LAKE, June 7.—(Special.)—This historic place has again assumed the panoply of war. The thing lacking is the enemy. Otherwise a casual and ignorant observer would think blood was due to flow soon.

The keynote of the camp is bustle. Every man wearing a uniform is working. Brig-General W. H. Cotton, camp commandant, is about as busy as any one. When the boats with fresh contingents were arriving to-day he was on the dock.

Troops were pouring in from all directions but the south-to-day. They are nearly all here this evening.

A corps of six lady nurses, five of them graduates of the Toronto General Hospital, and the nurse in charge, Miss Hatch, of a New York Hospital, are on duty at the station hospital here. Miss Hatch also took the command of the military nurses, qualifying as a military nurse. They all have the rank of lieutenant, and wear blue uniforms, which are very becoming. The buttons on the uniforms are the regulation army officers' buttons. They are attached to No. 10 field ambulance of Toronto. The quarters are the parade ground within the ramparts of old Fort George of 1812 fame. They are the only lady nurses in camp. They are called the nursing corps.

Miss Morris, Miss McGiffin, Miss Hammill, Miss Dayman and Miss Leleah are the nursing corps. The camp is commanded by the commandant of the 7th Regiment, W. O. R. C. R. is camp sergeant major now, in place of Sgt-Maj. Widgery, ill in Toronto.

Marched From Hamilton.

The 12th Field Ambulance of Hamilton covered the distance between here and their home by route march, starting at 4 p.m. Saturday and arriving at 5.30 p.m. Monday. It rained most of the time, the men arrived here in the condition of Sunday school boys, to church twice, once at Wiltona, and once at Beamsville. There are 102 men and 43 horses in the corps. Lt. Col. Rennie is the commanding officer of the corps. Col. Rennie has the prettiest spot in camp, in front of his tent he has had a large field laid out already in a lozenge-shaped bed.

Corp. Warren of the 7th Regiment had his leg painfully injured by a piece of shrapnel on him while he was at the dock.

The Cavalry Brigade.

Lt-Col. Wm. Hamilton Merritt, recently commanding officer of the Governor-General's Body Guard, has command of the 5th Provincial Cavalry Brigade, composed of the G. G. B. G. Hussars and the 24th Regt. Horse.

Col. G. C. Jones, G. G. H. S. (governing body of the 23rd Regiment, D. G. M.S. will make a medical inspection of the camp on Thursday.

There will be a muster parade of all troops to-morrow morning at 10 a.m., conducted by Lt-Col. Galloway, D.A. A.G. and Maj. Shanly, camp paymaster.

The 1st Hussars, drawing squadrons from Sarnia, Leamington, London and Kingsville, are here for the first time in three years. London camp was too crowded to accommodate them.

The officers of the 23rd Regiment, from the Parry Sound district, have the finest mess tent on the grounds. It is big enough for a small circus.

OUTDOOR SPORT AND ZAM-BUK

Every athlete, every ball player, every swimmer, every canoeist, every man or woman who loves outdoor life, should keep a box of Zam-Buk handy.

Zam-Buk is a purely herbal preparation, which, as soon as applied to cuts, bruises, burns, sprains, blisters, etc., sets up highly beneficial operations. First, its antiseptic properties render the wound free from all danger from blood poisoning. Next, its soothing properties relieve and ease the pain. Then its rich, herbal balm penetrates the tissue, and set up the wonderful process of healing. Barbed wire scratches, insect stings, skin diseases, such as eczema, heat rashes, ringworm, babies' heat sores, chafed places, sore feet—all come within Zam-Buk's power. It also eases and cures piles. All druggists and stores. Avoid imitations.

KOHLER CHARGES REFUTED

Witnesses Unanimous That Chief Did Not Get Drunk.

CLEVELAND, June 7.—A long array of witnesses took the stand to-day in defence of Chief of Police Kohler, charged with gross immorality and habitual drunkenness. The evidence was confined to the charge of inebriety, and was largely concerned with the specific count that on the night of the last municipal elections Chief Kohler was drunk.

Hotel employees and professional business men and newspaper men, all of whom had known the accused for a number of years, were called. They were unanimous in their testimony that they had never seen any sign of intoxication in Chief Kohler.

The hearing will be resumed to-morrow, when former Mayor Tom L. Johnson is expected to be the principal witness.

THE homes of fashion, of comfort and of beauty in the future will be built in the suburbs. Toronto is built full. No more handsome areas remain. The largest, finest and most beautifully landscaped district available now is

LAWNCE PARK

We expect to have no difficulty in disposing of lots there at good figures when the improvements under Mr. Brooke, our landscape gardener, are completed. Just now, particularly, we offer special advantages to desirable purchasers who are prepared to build.

Motorists should look through the handsome houses erected in Lawrence Park when motoring up Yonge street north. These houses are for sale.

May we send you our beautiful illustrated Book on Lawrence Park?
