who has given his entire life and at-tention to Chiropody. He has made diseases and defects of the feet a special study for thirty-one years, and in that time has cured some of the worst cases on record. The feet are the most essential factor of the body, and when they become useless from neglect, the whole body becomes useless also. He positively guarantees to cure permanently

all diseases and defects, such as Corns, Bunions, Ingrowing Nails, Club Nails, and any other troubles which affect the feet. Dr. Blanchard will have special apartments fitted up for him in the

Prof. Yamagata has chosen a good time to give his demonstration of jiu; Jitsu, which will be on Tuesday next. Everyone is so interested in the Japannese just now, and feminimity is going in so strongly for athletics that this curious art of self-defence will appeal strongly to a fashionable audience. Miss. Jack Gardner, who is 50 well known as an advocate and exploiter of novelty, engaged the professor to give a demonstration of his art at several receptions at her home in Boston.
