In the last issue of the Canadian Graphic, an illustrated journal published in Toronto, there is an article by Frank Yeigh on New Brunswick as a tourist resort, illustrated with views of the reversing falls at St. John, scenes in Rockwood Park, Pokiok Falls, view at Woodman's Point, St. John harbor view, and views on Grand Manan and the Aroostook. Mr. Yeigh is the author of the series of articles on the great west published in successive Saturday issues of the Times during the past month.

In conversation this morning with a representative of the Mail, the Rev. Dr. John Forrest, president of Dalhousie University, stated that beyond what he had seen in the papers, he knew absolutely nothing of the reported mention of Professor Walter Murray in connection with the presidency of the University of New Brunswick. "I hope very much that if the report is true, that he will not accept the presidency; it would be a great loss to Dalhousie," said President Forre... Professo...

...HANDSOME CHURCH WINDOWS

Will be Unveiled in St. John's (Stone) Church This Afternoon---One in Memory of Late Rector, Other for Church Workers.

This afternon there will be unveiled in St. John's (Stone) church a window which has been erected by the women of the congregation in affectionate memory of the late Rev. John deSoyres, M. A., LL. D., for nearly seventeen years rector of the church, whose brilliant earthly life was suddenly terminated some eighteen months ago. The subject selected for the memorial, which seems peculiarly suitable for one so eloquent, is The Sermon on the Mount. On one side of the mullion our Lord is represented as seated under a tree with some of his disciples at his feet. On the other side the multitude are depicted in the attitude of eager listening. The scene is surmounted by suitable gothic canopy work, making an effective finish.

At the same time the window given by the church workers "In memory of those of their number who have entered into rest," will be unveiled.

These windows were made in the Royal Bavarian establishment, the cradle of ecclesiastical stained glass work. They bear the closest inspection, the detail being carefully elaborated. The drawing, rich coloring and execution reflect the greatest credit on the makers, Mayer & Co., of Munich, with offices at No. 47 Barclay street, New York.

THE SOUTHERN CROSS

Canada, published in London, presents together in its issue of Aug. 18th splendid pictures of the Southern Cross, Grand Manan, and the "Hoodoos," at Canmore, B. C., as striking illustrations of Canadian scenery.

"No doubt," it says, "the exceedingly picturesque 'Southern Cross' on the coast of New Brunswick owes its existence to the same causes which have created the fifty-foot giants of conglomerate at Canmore. The weather has worn away the greater part of the cliff in the course of ages, leaving here and there a pinnacle of fantastic form. The beauty and grandeur of the coast scenery of New Brunswick, which is not so well known to Old World tourists as it should be, have been fittingly sung by Bliss Carman, the Wordsworth of Canada, and others of the Fredericton poets for whom dreams come in where— Cleft sheer down, the sea-wall mountains Give that one port on the coast."

MINISTRELS TONIGHT

Culhane, Chase and Weston's big minstrel company are to begin a two nights' engagement at the Opera House, opening tonight. The attraction is one of the few good ones remaining in old time minstrelsy, and is well worthy the patronage of all lovers of a big laugh. Eight end men and ten funny black faced comedians will be kept busy creating fun and dispensing funny jokes, while clever dancers and vocal soloists will introduce the newest features. Specialties by the best, and of the best will be in order and the performance will make a night of rare enjoyment. A matinee will be given on Saturday.

It is stated on good authority, says the Halifax Mail, that a number of local capitalists are interested in the promotion of a company which will establish works in Dartmouth for the manufacture of railway cars of all kinds. It is a well known fact that the demand for cars is very great and the opening for such an industry is splendid. It is also stated that the new concern proposes to manufacture steel cars.

Rev. R. W. Ferguson, of the Charlotte street Baptist church, west end, has received a call to the church at River Glade, Westmorland county, the pastor of which also has charge of the Forest Glen congregation. Rev. Mr. Ferguson has not yet given his decision. He has been the pastor of the church in Carleton for four years, and his people here would be extremely sorry to lose his services.

The Times on Saturday will begin the publication as a serial of that great story, "The Scarlet Pimpernel," by ...ess Orczy. It is one of ... the da...
