Certificate from the Principal of the Fredonia, (New York, Seminary.)

Dr. Seith W. Fowle,—Dear Sir.—From my youth I have been subject to lung complaints. In February last I took cold—a cough set in, and though slight in the beginning, I made use of the simple remedies which I always keep for that purpose. (These failing, I resorted to others, but my cough increased in violence, and a pain in the side and right lobe of the lungs set in, which soon became very distressing and at intervals were attended with oppressive arricures on the lungs.) During this time I expectorated freely, but the muture raised from the lungs indicated a disease deeply seated. Two or three Physicians kindly sent me their medis cines, which have been very efficient in curing coughs, but they TAILED to reach my case, and I began to be some what uneasy. My cough was considerably aggravated A friend advised me to try the BAILEMM of WILL CHERRY, but I told him I had awallowed medicine enough. Well, sir, I coughed out that day and the night following, and the next day my friend tiged me again to try. Doctor Wistar," and at 3, P. M. I was willing to try any thing, for I coughed constantly. I procured a hottle—drank of it—read the directions—continued taking if from that bottle one week, and when the Balsan was gone my cough and pains were gone, and I have not coughes on the wrapper.—For sale by S. Mr. David Marvin, a celebrated practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wins contained more virturs than fifty of the large bottles of Sarsaparilla.—Mossrs. S. Lampman & Co., the largest and most respectable Druggists in Syracuse, in a letter, say:

—"From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good medicine, and will, undoubtedly, become the leading medicine of the day." Dr. Mott, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his patients. Sold by H. G. KINNEAR, St. John.—[See Advertisement in another column.]
