ARE WELCOMED ON THE FLAGSHIP

Citizens Board Calcutta Today—Will Be Open Again Tomorrow.

Commander Geoffrey S. Arbuthnot of H. M. S. Calcutta, now in port, announced this morning that the flagship would be open for public inspection at 2 o'clock, as well as this afternoon. Tomorrow will be the last day the public will have an opportunity to inspect the warship, which will leave for Halifax about noon on Friday. Her schedule after Halifax calls for stops at Sydney, C. B., Tadoussac, Charlottetown, Montreal and Quebec, and back to Bermuda, where she is due about October 8. A great many men went through the flag this afternoon.

Commander Arbuthnot said this morning that the crew, from Vice-Admiral Sir James Fergusson, K. C. B., C. M. G., R. N., down to the humblest seaman, greatly appreciated the welcome extended to them by the citizens of St. John. He said it had been many a day since they had been in a port where they were more generously treated than here.

This afternoon the majority of the crew were ashore. The rifle shooting team of the Calcutta was on the loom range this afternoon, while tomorrow evening the football team of the ship will meet the St. Andrew's Club of the city. The eleven from the Calcutta is an exceptionally good one, holding decisions over the strong St. John's 8-fifteen team and the team from H. M. S. Constance. They defeated the Constance crew, 4 to 1, at Bar Harbor recently. They will line up as follows: Goal, Jones; fullbacks, Cropp and Warren; half-backs, Mugruder (captain), Larkin and Grit; forwards, Youds, McCormack, Ruston, Stewart and Oates. Band Corporal Thompson is manager of the team. The game will be played on the Barrack Green, commencing at 6:30 o'clock.

Tomorrow afternoon on the Barrack Green the ship's cricket team and the team from the St. John Cricket Club will meet in a friendly match. The lads also have a good cricket team.

"EXPO" MANAGER CAMPS ON GROUNDS

H. A. Porter Takes Up Offices in Exhibition Building.

H. A. Porter, manager of the Exhibition Association, moved his office this afternoon to the exhibition building and will in future, until the big show is over, be found there. He reports that all spaces have been taken and the prospects are for an even better exhibition than in previous years. From now until the time of opening, August 30, the buildings will be a hive of industry.

The wisdom of the early applications for space was brought home this morning when a request for space for a fishery exhibit was received from J. E. Golder and the secretary had no space to give him.

YOUNGSTERS MAKE FIND OF LIQUOR

Last evening Inspector Alexander Crawford and Policeman Quinn seized three five gallon kegs of liquor hidden under a large tank in the rear of the cold storage plant off Main street. The kegs had been discovered by the sharp eyes of youngsters playing nearby and the information was passed on to Inspector Crawford. As a result the kegs were confiscated and will be sent to Fredericton.

One of the features in connection with the case was the fact that the kegs were reposing in a place where the liquor could be kept nice and cool. The fact that a couple of glasses were also found led to the belief that the owner had his hold secreted and was doling it out at so much "per glass."

MAY NANNARY TOOK PART.

St. John friends will be interested to learn that May Nannary of San Francisco, Cal., formerly of this city, recently appeared in Maurice Maerlinek's impressive drama "Mary Magdalene," which was presented by Ralph Fincus at the University of California. Nance O'Neil, who is conceded to be one of the leading actresses on the English speaking stage, took the lead and May Nannary appeared as Martha. According to newspaper accounts the drama was one of the most impressive presented in San Francisco for some time and flattering tributes were paid to the work of the two clever actresses. It will be recalled that Man Nannary spent last summer with her aunt, Mrs. Teresa Hansen, 28 Douglas avenue.

GETTING ON WELL.

The remodeling of the Sun building for the Civic Power Commission is proceeding rapidly and the commission hopes soon to be able to occupy the new quarters. On the street floor the small windows have been taken out, and the front is now ready for the plate glass windows which are to take their place. The vault is up through the first floor, and the painting has been nearly completed on the second floor. It is expected here will be a meeting of the commission on Friday afternoon.

BROUGHT 225 TODAY.

Heavy travel on the Eastern Steamship liners continues. This morning the S. S. Governor Dingley arrived in port from Boston via Eastport and Lubec with 225 passengers and approximately 50 tons of general cargo. Officials say there is every indication of a continuance of the heavy travel. The three outward sailings this week already give indications of being large. Tomorrow the Governor Dingley will return to Boston via Eastport and Lubec. At noon today a large number of staterooms had been taken. Bookings for Friday and Saturday nights are also said to be heavy.

IN NEW QUARTERS.

The new lodge room of Oliver Lodge I. O. O. F., No. 9, in the market building, thoroughly overhauled and renovated, was opened last evening at the regular meeting of the lodge. New paper on the walls, a new coat of paint and new linoleum worked wonders and the members passed a hearty vote of thanks to the hall committee for its efficient work. While the hall was opened last evening, the official opening will not take place until next month. Visitors from other lodges were present last evening to look over the new quarters. It was announced last night that an invitation will be extended to the Grand Lodge to hold the annual meeting here next year. W. E. Furze, noble grand master, presided last evening.

FEEL ASSURED OF ST. JOHN SHOWING

Committee Holds Optimistic Meeting on Matter of Local Exhibit.

The committee in charge of the "Made in St. John" exhibit proposed for the coming exhibition met this morning and received very optimistic reports from sub-committees which have been interviewing the merchants and manufacturers. Another meeting will be held on Friday at which a definite announcement will be made in regard to the exhibit. It was the opinion of the members of the committee that it was an assured fact.

David Magee, chairman of the committee, reported that he had had a number call him up and express a wish to be in on this exhibit of local manufactured articles and their willingness to pay the small fee required to clear expenses.

An estimate of the expenditure and receipts was given showing an expenditure of \$600 and receipts above \$700. It was said that the Exhibition Association had been asked to guarantee \$100 and the City Council \$200, in the event of the fees from exhibitors not being big enough to pay the cost of the exhibit but the chairman said he was sure that neither would be called on to make good such a guarantee.

The meeting was presided over by D. Magee and those present were H. B. Schofield, A. F. Blake, G. E. Barbour, W. C. Allison, F. A. Dykeman, W. E. Anderson, F. Z. Fowler, P. H. Butler and H. A. Porter.

The annual Sunday school picnic of St. Peter's and Holy Trinity churches, better known as the Portland picnic, is being held at Torryburn. Although the sky was overcast conditions at the grounds were not so ideal as in former years. A large number of people, young and old, took advantage of the occasion to spend the day in the country. The first train left this morning at 10 o'clock, the second at 12:30, the third at 1:30 and the last at 2:30. A large and efficient committee from the two parishes took charge of the refreshment booths and games, and as many of the latter were new it was anticipated that the patronage would be even better than in former years.

One of the features was a parade of the children from St. Peter's Sunday school to the Union Depot. They formed up on the grounds and, led by the City Corner Band, wended their way down Main street to Mill and into the train shed where they boarded the cars for the picnic grounds. The sight of the little ones clapping hands and dressed in their neat summer attire was an inspiring sight. The eagerness which was apparent in every countenance was eloquent and all were apparently keyed up with the hope of the time in store.

As the kiddies marched down Main street one merchant hurried into his store and when he returned he had several boxes of plums in his arms, which he passed to them. Another man delighted the hearts of many by tossing handfuls of coppers in their ranks.

The picnic was in charge of Rev. James Cloran, C. S. R., rector of St. Peter's church, who was assisted by Rev. Francis Hill, C. S. R., Rev. Joseph O'Hara, C. S. R. and Rev. Arthur Conlogue, C. S. R.

As Hiram Sees It

"Look-a-here!" said Mr. Hiram Hornbeam to The Times reporter, "d'you s'pose you could git them there Primers Macdonald an' Herryyott to take a run over to St. John?"

"I fear not," said the reporter. "They are very busy men."

"Well, it's too bad," said Hiram. "I do believe if they were here fer that City Council an' the C. N. R. to come together an' fix up things so that no railroad station could be started—seen' as both sides wants 't. I don't believe it 'ud be much harder than to git France an' Germany to git together—an' that's been done. If I was that here City Council I wouldn't let no grass grow under my feet. It 'ud be wuth a lot o' money to the town to tell the world it was gittin' a million dollar station as well as a million dollar hotel an' a two million dollar coke plant an' all them other buildin's. Yes, sir—I'd go an' fix it out-foot—an' now. Valuable premiums given away."
