

Chief of Nurses Given Authority to Promote

Hospital Board Deals With the Matter of Re-signations

Record Number of Cases Treated in G. P. H. Outdoor Dept.

A new policy of promotion to fill vacancies caused by the resignation of those higher up on the nursing staff, will obtain in the General Public Hospital, henceforth, as the result of a resolution passed at a meeting of Commissioners last evening, giving the superintendent of nurses authority to appoint hospital graduates and senior nurses, as head nurses. This arose out of the resignation of three of the head nurses because of holiday time reduction and the course was said to be decided on as a protest against employing expensive trained nurses and also to encourage good work among the members of the nursing staff.

She said that a class of twelve probationers would be entered in the Hospital on September 1. As there was no time to deal with the matter of the new by laws, the meeting was adjourned to meet again on Monday evening, to take up this matter.

The average number of patients, during the month, was slightly lower than in previous months.

M. E. Agar presided and, others present at the meeting were Commissioners Mrs. J. V. McLellan, W. E. Emerson, Dr. R. J. Crawford, J. L. O'Brien and J. King Kelley. Miss Trentowsky acted as secretary in the absence of the superintendent, H. H. Gale.

Minutes of a special meeting that were approved, authorized appointment of Miss Elizabeth S. Bunnell as dietitian, following Miss M. E. Hannon's resignation, and contained a draft of new by-laws.

The superintendent's report contained statistics telling of seventy-five operations in the operating room and ninety-seven in the out-door department. The large number of tonsil and adenoid cases among school children had brought up the number of out-door patient operations to so high a figure. The number of treatments given in the out-door department was 644, a record figure.

COUNTY TAXES

The matter of default taxes and their collection was taken up this afternoon at a meeting of the assessors and councillors of the Parish of St. Martins with the county secretary at the office of R. A. Love, St. Martins.

Whether they will get their tax bills in time to pay and save the 5 per cent. discount is a question agitating the minds of the residents of the Parish of St. Martins. In January the Municipal Council fixed August 18 as the last day on which taxes could be paid to save the discount. The assessment roll for St. Martins has not yet been filed with the county treasurer and the bills are delayed.

THROWS LIQUOR OUT WINDOW INTO POLICE OFFICER'S HANDS

Chatham, Aug. 2.—Provincial Officer Low had a unique experience last Saturday afternoon. In company with License Inspector Mathew Side, he journeyed to Port Alma to investigate suspected violations of the liquor laws.

They decided to visit the home of Austin Bowers, at that place, and Inspector Side approached the house from the front while the Provincial officer

approached the rear. Bowers saw Mr. Side, and, going to a rear window, it is alleged, he threw a bottle out into the hands of Low.
