

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, SEPTEMBER 22, 1919

GOOD THINGS COMING
TO THEATRES OF
ST. JOHN
BIG TIME FEATURES
AT THE OPERA HOUSE

The Opera House vaudeville programme opening tomorrow afternoon will present two high class "big time" vaudeville features of extraordinary value, in Martin and Fabiani, who offer their Funny Fox, Trot Fantasy, "A Flight of Fancy," and Osaki and Taki, Japanese artists from the land of the Mikado in a sensational gymnastic and risley act.

Martin and Fabiani are two dancing artists who have been feature attractions with leading New York musical productions, such as the Winter Garden show, the 20th Century Roof, and the big spectacular production at the Hippodrome. They are considered to be one of the very best dancing acts in vaudeville today, are always featured on the programme of the leading theatres in the large cities and it was only by a fortunate chain of circumstances that the personal representative of the Opera House, located in New York, was able to secure them for a trip to St. John and Halifax, as their services are always in demand in and about New York. If you enjoy dancing and are interested in seeing the very latest steps and fads in the terpsichorean art, by all means see Martin and Fabiani.

Osaki and Taki, a Japanese boy and girl, are phenomenal athletes and artists, trained from childhood in the acrobatic school maintained at the Court of the Mikado. In Japan, acrobatic and gymnastic work is an honorable profession and children are brought up in it and trained to excel, which is the reason why the Japanese artists in this line are so wonderful clever.

There will be three other good features on the vaudeville programme opening tomorrow and the second chapter of the serial, Perils of Thunder Mountain.

THE 13TH CHAIR AT
IMPERIAL TONIGHT

Bayard Veiller's intensely dramatic mystic play, "The Thirteenth Chair," is receiving its first presentation on the Imperial curtain today. A great deal of interest has been stirred up in this play because of its plot which is set in New York on the real stage. As the subject treats of spiritualism somewhat and other advanced ideas in the story becomes especially interesting to students of people and while filled with melodramatic situations of the most gripping character, it might well be considered a story of the higher type and not by any means hackneyed. The Imperial is prepared for a large rush of patrons during the run of this picture and along with the usual mixed recs for Monday and Tuesday, such as Topics of the Day, The British Weekly, etc., the programme being offered is of special merit.

ARLINGTON ORCHESTRA
FOR THE UNIQUE

That Clever Band of Boston Musicians Open Tuesday for an Indefinite Stay. Well Remembered Locally.

Unique patrons will remember with pleasure that delightful little orchestra, the Arlingtons, that played an engaging story of several nights in the story. Ever since the management has been trying to secure a return of these clever people, and until now it has been impossible. The Arlingtons will open at the Unique Tuesday afternoon.

TRADES AND
LABOR CONGRESS
OPENED TODAY

ASKS ROTARY CLUB
TO TAKE LEAD FOR
CITY BETTERMENT

R. E. Armstrong Gives Notice of Motion Calling for Co-Operation of All Citizens—Other Matters of Importance

Matters of importance were considered at the meeting of the Rotary Club in Bond's at noon today. Alex Wilson presiding, and Rev. (Major) J. J. McCaskill being the chief speaker. Before his address there was a discussion upon educational subjects arising from the conference to be held in Winnipeg next month on "Moral Education in the schools in relation to Canadian citizenship." Several members spoke in the debate, but action was deferred until the next meeting. Notice of motion was given of an interesting resolution regarding St. John's advancement and general status by R. E. Armstrong, secretary for the board of trade. It will be dealt with at next week's meeting.

Major McCaskill was given a very appreciative hearing. He prefaced his remarks by expressing his pleasure upon returning to St. John and said he was indeed glad to see so many familiar faces. He had enjoyed the discussion of the educational matters, he said, for he could think of no subject of greater importance in Canada for the future, and it was a pleasure to be in the highest school of thought, he said, or of our soldiers were to be erected, he could think of nothing more appropriate than educational monuments.

He had gotten away from the narrow pre-views, and it was a pleasure to be in the highest school of thought, he said, or of our soldiers were to be erected, he could think of nothing more appropriate than educational monuments.

At the close of his address the thanks of the gathering were expressed by the chairman who expressed the pleasure of all in having the major again in the city.

Mr. Armstrong then gave notice of the following motion:

Whereas, by reason of its traditions, strategic position, port achievements, and general commercial advantages and opportunities, St. John is justified in its desire to be recognized as one of the leading commercial centres and national ports of Canada and is amply justified in its efforts which may be put forth to obtain realization of that desire; And whereas, during the late war it was abundantly demonstrated that success could only be obtained where the morale of the fighting forces was up to the highest standard and where the determination of all was centred on the reaching of the objective;

And whereas, this Rotary Club is convinced that without the proper morale and the willing and cheerful co-operation of all classes of the community, it will not be possible for St. John to successfully attain the objective which it has now in view;

Therefore resolved, that the members of this Rotary Club pledge themselves to use their best endeavors to bring about an improved community spirit; that they will seek to promote the good name of the city and to impress its advantages and attractions upon all whom they will meet or correspond with; that they will discourage the damaging criticism of city affairs, publicly and otherwise; that they will take a deeper interest in civic matters and in the men who represent them; that they will use their influence in favor of clean and improved streets and in the removal of such obstacles as may hinder the city's progress; and, until the city has attained its objective as a national port and as an attractive commercial and residential center, that they will employ their best thoughts and efforts in its behalf.

And further resolved, that the Rotary Club appeals to the citizenship at large, regardless of class or creed, to lend their full co-operation along the lines above indicated.

HAVE YOU SCROFULA?

Now Said to be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the medicine that has been used with so much satisfaction for three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

LOCAL NEWS

PORT OF ST. JOHN

Arrived September 22

Barkentine Nordstjerne, 214 tons, from Iceland.

Coastwise—Stmr Colonia, 151, from Bath, Me., F. H. Torrey, captain; sch. Telephone, 18, from North Head, Alfred Stanley in command; sch. Packet, 49, from Beaver Harbor, Jos. Arsenau captain; stmr Ruby L. 51, from Margareville, C. D. Baker in command.

Cleared September 22

Coastwise—Stmr Colonia for Bath, Me.; sch. Telephone for Digby; sch. Packet for Harvey, N. B.; stmr Empress for Digby; stmr Ruby L. for Margareville.

MARINE NOTES.

The steam yacht Colonia, owned by Rear-Commodore Dearborn of New York, is in the harbor. She is an excellent example of the builder's art and can make eighteen knots. She has a crew of twenty-five. The Colonia is here on a pleasure cruise.

Preparations are being made for handling ocean passenger traffic of pre-war dimensions in the port this winter. It is anticipated that a great many people in Canada who have not visited their European homes during the war will take the first opportunity of getting away, while many are expected in Canada from the British Isles this winter. The big new Empress of France is now on her way to Quebec and the C. P. O. S. are preparing other vessels for commission.

Will School Work
Strain the Eyes?

Frequently children are not able to do good work in school because they do not see the blackboard or the printed page distinctly. The child doesn't know that he can't see well, and is called stupid or backward, when the trouble is physical, not mental. A pair of properly fitted glasses often makes the difference between a child who is a failure and a child who is a success. One important decision which was reached was the plan to unify and co-ordinate the labor laws of the various provinces, for which representatives of each of the parties would be appointed in each province.

COL. JOHN D. CHIPMAN
LAID TO REST TODAY

Impressive Obsequies Marked By One of Largest Funeral Processions Ever Seen in St. Stephen

(Special to Times)

St. Stephen, Sept. 22—The body of Colonel John D. Chipman arrived on the C. P. R. from Toronto this morning, accompanied by his two sons, Arthur and John. The body was taken to the McCall street Methodist church followed by a large number of citizens on foot. The funeral services at 2:30 this afternoon were conducted by Rev. George M. Young, of Fredericton, assisted by Rev. Mr. Holmes and Rev. Dr. Goucher of St. Stephen.

By request of the family it was a strictly funeral only, but the church was packed to overflowing and one of the largest funeral processions ever seen here followed the body to its last resting place. The floral tributes were numerous and beautiful. The pall bearers were Hon. Justice Grimmer of St. John, J. E. Ganoung of Fredericton, J. W. Grimmer and F. O. Sullivan of St. Stephen.

Among the out of town relatives and friends who were here to pay their last respects to the late Mr. Chipman are Arthur and John Chipman of Toronto, J. Royden Thomson, Mr. Thomson, Dr. Thomas Walker, Justice Grimmer, and L. P. D. Tilley of St. John, J. E. Ganoung of Toronto and several others.

HOME TODAY FROM THE
OTTAWA CONFERENCE

J. Edward Tighe, organizer for the International Longshoremen's Union, returned today from Ottawa, where he was attending the industrial conference. Speaking of matters taken up at the convention, Mr. Tighe said that they were very successfully dealt with and there showed excellent results from the meeting.

There were several matters, he said, on which the representatives of the government, the employers and the employees reached an amicable and satisfactory agreement, while the others such as the eight-hour day and the matter of collective bargaining remained a deadlock, which he expected would be straightened away by the institution of commissions, etc., to take the question into consideration.

Mr. Tighe said that the three parties got together very well and several surprises developed in the bringing out of the cases for the employer and the workers. One important decision which was reached was the plan to unify and co-ordinate the labor laws of the various provinces, for which representatives of each of the parties would be appointed in each province.

METHODIST MINISTERS
OPPOSE SUNDAY CONCERTS

The meeting of the Methodist Ministerial Association was held this morning in Centenary church with Rev. Geo. Morris, the president in the chair. Besides Rev. G. F. Dawson, Rev. H. A. Goodwin, Rev. Neil McLaughlin, Rev. F. E. Boothroyd, Rev. M. E. Connon and Rev. J. C. Berrie. Among the business before the meeting was the movement now being discussed to hold Sunday evening musical concerts in this city during the fall and winter. This matter was thoroughly discussed and the following resolution passed unanimously:

"While in hearty sympathy with the higher musical developments in this city, we protest strongly against the present attempt to have Sunday evening musical concerts in St. John this fall and winter as a violation of the Sabbath and a step which the experience of Europe and parts of the United States have proved to encourage the 'open Sunday'."

At the meeting arrangements were also made to have a united evangelistic campaign for the Methodists in this city in co-operation with the great inter-church movement which is now on foot. There will be present during the campaign some of the most celebrated speakers in the Methodist and inter-church movement will be more thoroughly discussed.

Agitator Released.

Winnipeg, Sept. 21—M. Charitonoff, convicted on a charge of breach of the immigration act, and ordered deported to Russia, his home, by a special immigration board, was today ordered released by the federal department of immigration. Charitonoff was arrested at the time the federal police made the clean up of all "red" agitators.

STEEL WORKERS AND EMPLOYERS ENGAGE IN GREAT STRUGGLE

(Continued from page 1.)

ders generally and that practically all mills in the Mahoning Valley either were badly crippled or may be forced to close down altogether. At union headquarters it was declared that the strike was a complete success.

CANADIAN PACIFIC

SUBURBAN SERVICE

(Daylight Time.)

Present Service—Leave St. John for Welsford 9:15 a.m., 1:10 p.m., 5:10 p.m., 6:10 p.m., and 10:15 p.m.

Arrive St. John 7:45 a.m., 8:55 a.m., 11:50 a.m., 4:00 p.m., and 9:15 p.m.

After Sept. 27 and up to and including October 18, as follows:

Leave St. John 6:10 p.m. On Saturdays this train will be held until 10:15 p.m. Suburban will leave city 1:10 p.m. Saturday only. Suburban will arrive in city at 7:45 a.m. and on Saturday only, suburban will reach city at 9:15 p.m. In addition, regular Fredericton express leaving at 5:10 p.m. and arriving at 8:55 a.m.

was estimated eighty per cent. of the first shift failed to report.

This Plant Not Affected

Pottsville, Pa., Sept. 22—The Eastern Steel Company, employing about a thousand men, was not affected by the strike order. All the men reported for work as usual.

Reports From Buffalo

Buffalo, N. Y., Sept. 22—Union men claimed that seventy per cent. of the workmen in the plants of the Lackawanna Steel Company, the Rogers Brown Steel Company and the Donner Steel Company obeyed the strike call today.

No statement was forthcoming from the companies. There was no disorder.

One of the conditions dicted by union leaders to sustain their claims of a seventy per cent. walk-out was that the street cars from Buffalo usually carrying a capacity crowd, were running almost empty this morning.

Birmingham Plants Operating

Birmingham, Ala., Sept. 22—Every steel plant in the Birmingham district was operating today, most of them practically at full capacity. Labor officials attributed the small response to the strike order to the fact that tomorrow is pay day at two big plants in the Emaley district and that two others pay Thursday.

PAVING PROGRESS

The paving has been completed on one side of Union street and traffic for old vehicles and street cars has been restored. The laying of the surface in Germain street also is progressing well.

You've noticed we
