

SEN. BEAUBIEN PLAYS REDS IN CAPE BRETON

Says U. M. W. Officials Have
Made No Effort to Control
Radicals

DANDURAND DECLARES CABINET ON ALERT

Government Ready to Keep
Law and Order, He
Tells Senators.

OTTAWA, May 19.—Declaring the United Mine Workers had been in absolute control of labor in Nova Scotia since 1918, that during that time they had violated contracts several times and made no effort to control the destructive elements in their organization, Senator Beaubien renewed in the senate today the discussion of the Cape Breton strike situation.

He said the president, the vice-president and the secretary of the local U. M. W. of A. had walked in a May Day parade in Glace Bay behind the red flag and there had been no word of protest. The remedy for persistent labor troubles in Cape Breton lay in strong government measures to control the situation there in defence of law-abiding citizens.

Senator Griegbach said that Communism was the enemy of trade unionism. Since the beginning of the war it had waxed strong, supplanted true Socialism and had resorted to recruiting young boys to its ranks. But Communism was after all only a "honey minority" in labor ranks and any attempt to achieve a dictatorship of the proletariat by force would mean civil war in Canada. If the Dominion had a full measure of prosperity, Communism would disappear.

Senator Robertson, former Minister of Labor, discussed the growth of radicalism in Canada and praised the aims and methods of trade unionism proper. He doubted if President J. L. Lewis, of the United Mine Workers, had official knowledge that officers of his organization had participated in a Communist parade.

Senator Dandurand, Government leader, said the Government was in close touch with the situation and would do everything possible to preserve law and order. The Senate adjourned until 3 o'clock Wednesday.

Shortness of Breath.

Heart Trouble or Indigestion?

Heartburn, Pressure Around Heart, Palpitation, A Feeling of Fullness

THIS SIMPLE 3-MINUTE TEST TELLS WHAT'S WRONG.

While there are many people who really have Heart Trouble, there are many thousands more who are literally "seated to death" because they think they have it.

To live in constant fear of heart failure is a terrible handicap, especially when probably 90 per cent. of the self-diagnosed bad heart symptoms—palpitation, shortness of breath, difficulty in breathing, a feeling of fullness or pressure around the heart—are mainly caused by a sour, gassy, upset stomach.

To prove that this is true and that your heart worries have been a sad mistake—simply make this three-minute test and watch results!

From any good druggist obtain a couple of ounces of pure, illustrated Magnesia (either powder or tablets) and beginning with tomorrow make a teaspoonful of the powder or four tablets immediately after each meal and, if the usual distressing symptoms fail to appear, you may safely rest assured that you have found your trouble.

This is a pleasant, inexpensive test that seldom fails to relieve stomach distress, Gas, Sourness and Bloating—almost instantly, and a single trial proves its value! Be sure and ask illustrated Magnesia, not a laxative.

A novel plan for keeping the club functioning during the summer was agreed to. The members were divided into two groups, the Sunshine Group and the Stormy Group. The former were to put in their mite boxes one cent for every sunny day, the others one on every day on which the sun did not shine. When the club reassembles in the fall the amounts in all the boxes will be handed over to the treasurer.
