Mrs. Chas. Hoeg, Southampton, N. S. says :--" For nine years I have suffered as no woman, unless she has been similary afflicted, can imagine I could suffer and yet live. Three weeks out of four I would be almost wholly unable to go about. At different times I was under the care of three doctors, but with no permanent benefit. I tried a half dozen bettles of a largely advertised medicine, but had no benefit. I suffered terrible pains; there scemed not a particle of blood in my body, my appetite was gone, and I really felt that death would be a relief. I was advised to try Dr. Williams' Pink Pills, and after much persusaion consented to do so. I now rejoice that I did so. The terrible pains have passed away; new blood seems to course through my weits; ac-tivity has returned to my limbs, and I am now as healthy a woman as there is in the place. This release from suffering and this health I owe to Dr. Williams' Pink Pills and I would strongly urge all who may be afflicted with the ailments that make the life of so many of my sex miscrable to give this medicine a fair trial."

There is such a vast difference between this medicine and all other pills that you
