out, to re-unite the warring couple and give the Earl his much needed American bride.

THE GEM.

The management of the Gem have secured a big production for tonight's programme, viz: "Shakespeare's Twelfth Night," over a thousand feet long. This is one of the biggest productions ever staged, at times containing over six hundred people on the stage. The story is well known and lovers of Shakespeare should not fail to see this production. This comedy was produced some months ago in New York by a cast of stars, and afterwards played it for this film. When presented it was agreed by the critics that it was the greatest production ever staged of this comedy. The original stage effects and scenery are here shown. THE GEM. Dr. Geo. G. Melvin delivered a lecture on "Evolution in the light of human history" before the Natural History Society last evening. In introducing his subject the lecturer said he was not a believer in evolution and "The Last Look"—a story of a crime—of highly dramatic power, illustrat—of highly dramatic power, illustrat—

"The Last Look"—a story of a crime
of highly dramatic power, illustrating Bertillion's theory of tracing the
murderer by the victim's eyes. It is
splendidly worked out, and contains
many thrilling climaxes; a real good
detective story.

"An Aerial Acrobat," a vaudeville
act taken by Pathe of the greatest female trapeze artist in the world, Mademoiselle Frasayasse. The remarkable
feats of this famous artist performed
many hundreds of feetin the air, are
marvelous feats of strength, skill and
daring. Big daily matinees are being
recorded at the Gem, at which a programme of splendid pictures are
shown. Mr. Percy Harney will be heard
in illustrated songs and special orchestral music during this week.

Mrs. Jas. Elsworth, 902 Selkirk Ave., Winnipeg, says:—"Four years ago ulcers broke out on my left ankle and spread until from the top of my foot to my knee was one extended sore. One ulcer would be almost healed when a second would appear in a new place and in a remarkably short time a deep hole would be eaten into the flesh. The flesh on my leg turned blue and looked shocking indeed. I started using ointment after ointment, but received little or no benefit. The ulcers would heal for a time and then break out afresh. I was laid up in bed for a long time, absolutely unable to walk. My limb was so painful that I had no rest night after night.

"I consulted five different doctors! Some advised my going into hospital; others said there was no cure for me. After using their ointments and preparations until I was positive they could not cure, I almost gave up in despair.

"It was then Zam-Buk was tried and how I bless the hour I got it! Within a day it had given me some ease, and from that time I went on improving! The sores were so bad that it took some time to heal them, but Zam-Buk healed them all. The last was healed over a year ago and I have never had a moment's trouble since, from any form of ulceration."

Zam-Buk is just as good for eczema, piles, festering sores, scalp sores, child ren's rashes, cuts, burns, scalds, and all skin injuries and diseases. Druggiste
