YARMOUTH VOLUNTEERS LEAVE TODAY

Will be given appropriate
send-off before starting
for Valcartier—Generous
contributions to Volun-
teers' Fund.

Special to The Standard.
Yarmouth, Aug. 21.—The Yarmouth
boys who have volunteered for Foreign
service leave tomorrow at noon for
Valcartier, Quebec, where the several
units are being mobilized.
The soldiers will march to the D.
A. R. Station there to train on the
Blenheim. They will be escorted by
the Yarmouth brass band and citi-
zens. At the station an address will
be given by Rev. Dr. Hill, chaplain
of the brigade from which the boys
have been chosen. Tonight a com-
plimentary dinner will be given to our
loyal sons by the town council, at
Churchill's Cafe, and the Mayor and
others will speak.

Seven hundred and sixty two dol-
lars, the amount given by the women
of Yarmouth County was sent this
morning to H. A. Fleming, manager
of the Bank of Nova Scotia in Hal-
fax, who has been appointed treasur-
er of the funds for Nova Scotia.

The short time at the disposal
of the collectors made it difficult to
reach all sections of the county, but
all those asked responded nobly and
cheerfully, in giving and helping in
every way with the canvas.

JAPAN PREPARES FOR ATTACK ON GERMAN PORT OF KIAO CHOW

If Kaiser refuses to accept
ultimatum Japanese will
lose no time in forcing
matters — Saarburg en-
tered by French whose in-
vasion of Alsace-Lorraine
is growing hourly of more
importance.

Tokio, Aug. 21.—Japan is quickly
preparing for eventualities following
the expiration, next Sunday, of her
ultimatum to Germany, demanding
the withdrawal of German warships
from the Orient and the evacuation of
Kiao Chow. The strictest prohibition
has been placed upon publication of
any information concerning the move-
ments of Japanese ships and troops.
All correspondence is censored and
the newspapers are closely watched.
The activities at the German ambas-
sy, where personal effects are being
packed for shipment, are the only in-
dication of what the answer of Germany
will be. Meanwhile, notwithstanding
the most sensational reports of the
treatment of Japanese in Germany,
there is no anti-German feeling here.
On the contrary, the authorities have
given notice that all Germans remain-
ing in Japan must be treated cour-
teously. German professors are expect-
ed to remain at their posts unless
they are needed for service at home.
The war and navy departments are
preparing for a move on Kiao Chow,
where, contrary to current reports,
no hostilities are being carried on. Since
the outbreak of the European war,
thousands of Chinese coolies have
been employed in strengthening these
defences. It is believed here that the
taking of Kiao Chow will not be an
easy task.

BELGIUM TO BE THEATRE OF THE GREATEST BATTLE IN HISTORY

The Big Test of Strength
of Germans and Allies
promises to be greatest
fight world has seen—Al-
lies await the clash with
confidence.

Paris, Aug. 21, 4.15 a. m.—The
Pettit Parisien's review of the war sit-
uation today says:
"A great battle is preparing. Bel-
gium is to be the theatre of the most
formidable shock in history, the dura-
tion of which escapes prophecy.
Reputed in the south at Dinant by
the French, the Germans have been
making, since Tuesday, a vigorous of-
fensive movement towards the north,
which on Wednesday forced the Bel-
gians, after a fine resistance, to fall
back to Antwerp. The Berlin govern-
ment will claim a triumph whereas
from a strategical point of view the
movement was of mediocre impor-
tance."

"The French armies also have taken
up their respective positions and it is
certain that our general staff is far
from being taken unprepared by our
adversaries' tactics. The staff has
long foreseen them, and is prepared
to deal with them, and is prepared to
deal with them under the best aus-
pices."

London, Aug. 21, 5 a. m.—A de-
patch to the Havas Agency from Bel-
gium says:
"The battles around Meulhausen have
been particularly bloody, for the Ger-
mans, who knowing the French would
spare as much as possible the Alia-
tians and their property, hid them-
selves in their houses when the French
came near. The French directed a
violent rifle and artillery fire on their
assailants, causing veritable carnage.
Every German leaving these houses
was shot down. A battery of six gun-
s, with their caissons filled with ammu-
nition, was captured from the Ger-
mans. They were taken to Belfort to-
day, where crowds of curious towns-
people gathered to see them. Eighteen
other guns captured today are ex-
pected to reach Belfort tomorrow, to-
gether with 600 prisoners."

Antwerp, Aug. 21, 1.30 a. m., via
Paris.—An official statement says that
the situation is unchanged. German
cavalry patrols are circulating around
Brussels, severing communication be-
tween the capital and Antwerp and be-
tween these cities and the central part
of the country.

Paris, Aug. 21.—Three hundred Al-
satians left here for the war today.
They first passed before the statue of
Joan of Arc, and then before the
Strasbourg monument in Place de la
Concorde singing the Marseillaise and
shouting "Long live France."

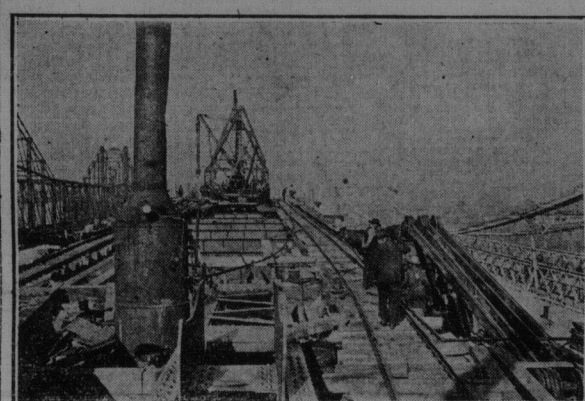

Paris, Aug. 21.—The ministry of
war has definitely accepted the ser-
vices of the Anglo-American rough rid-
ers' corps formed in Paris. The men
was shot down was twenty years of age.
He was a writer of exceptional abil-
ity, and while a resident of Halifax
did some clever newspaper work.

Engagement Announced
The engagement is announced of
Miss Alanda M. Buchanan of Lowell,
Mass., to Frederick Harland Lewis of
Vancouver, B. C. The wedding will
take place September 30th in Van-
couver.

Montreal, Aug. 21.—Mr. John T. P.
Knight, manager of the Montreal
Clearing House and secretary of the
Canadian Bankers Association, died to-
day.

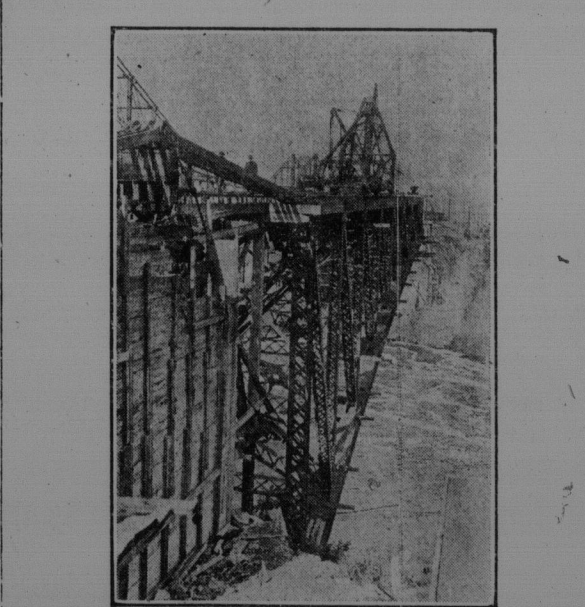

Building Bridge Across Falls a Hazardous Job

Flirting with death over boiling waters of Reversing
Falls, workmen are rushing work ahead with re-
markable speed.

The picture shows the surface of the bridge where the men are at work.
This platform will carry the roadway, the street car tracks and the
pathway for pedestrians.

Many St. John people are probably
unaware of the work that is being
done at the Reversing Falls on the east side.
The structural iron works have not
been long on the job, but as the
pictures herewith shown indicate
the business of bridge building is a
dangerous one is also indicated by the
pictures, but the men who work on
the skeleton of steel far above the
falls are accustomed to take risks
which appal the ordinary onlooker,
as something all in the day's work.
Already from the western bank the
bridge builders have pushed out eight
steel panels over the falls.

The new arch of the bridge as it appears from the western side of the
river. The swirling waters may be seen 100 feet below. The under
structure of the bridge shows up well in the picture.

OSCAR STRAUSS SAYS JAPAN HAS NO DESIGNS ON THE PHILIPPINES

London, Aug. 21.—Oscar S. Straus,
member of the permanent court of ar-
bitration at the Hague, and chairman
of the diplomatic committee of the
American Citizens' Relief Committee,
said today:
"It has been my privilege to meet

AWAIT WORD FROM OTTAWA BEFORE ACTING

Provincial Gov't discussed
plans for insurance of
Volunteers' lives as well
as care of families while
men are away.

Special to The Standard.
Fredericton, N. B., Aug. 21.—The
first recruit for the second contingent
has been examined at the military
depot, and passed as fit. He is John
Scott and has seen service in the im-
perial army. He arrived here last
night about eleven o'clock and wasted
no time in enlisting this morning.
Reaching the hospital shortly after
seven o'clock he told Sergeant Joseph
Welch, who has been left in charge
of the military hospital, that he was
stranded in the United States but
tried to get here in time to leave with
the volunteers here yesterday. How-
ever, he seemed pleased that he could
enlist for the second contingent.

Capt. H. F. C. Woodbridge is in
charge of the recruiting and Major S.
P. A. Wainwright will conduct the
medical examination.

Leutenant-Governor Wood arrived
from St. John this morning and is
confering with the government to-
day as to action to be taken by the
province regarding New Brunswick
men volunteering for active service
in the war.
A proposal has been made that the
province and municipalities divide the
cost of insuring the lives of all men
sailing from Canada for the front,
and another proposal has been made
that the provincial authorities take
the lead in working out and putting
into operation a scheme to take care
of the families of the volunteers who
will need assistance while their bread
winners are away. No definite action
was taken at this meeting of the gov-
ernment on either proposition.

The government's action will be
directed by the advice we receive
from the militia department," said
Acting-Premier Clarke this afternoon.

"At Montreal last week I interview-
ed Col. Sam Hughes and he said that
under the present conditions it would
be impossible to tell just what form
New Brunswick's contributions to the
empire should take in order to be the
most effective. I assured him that
the government was most anxious
that New Brunswick assist to the
limit of its power, and he promised
that we would be advised in due
time."

PRICES QUOTED IN COUNTRY MARKET

Supply fairly good in all
lines of meats and veget-
ables — The fish market
quotations.

There was a fair supply of provi-
sions in the retail market yesterday,
the quality of most commodities be-
ing very good. There were not many
changes in the prices of meats, lamb
being sold at from 15 to 22c. lb.; mut-
ton, 10 to 15c.; pork, 18 to 20c.; veal,
10 to 12c.; roast beef, 12 to 15c.;
steaks, 20 to 30c.; chickens and fowl
were quoted at \$1 to \$1.50 pair. In the
vegetable department cabbages
were priced at from 5 to 10c. each;
cauliflowers, 10 to 15c.; turnips and
carrots, 25c. each; onions, 8c. lb.; po-
tatoes, 30c. peck; peas, 5c. bundle;
lettuce 5 to 8c. each; tomatoes, of
which there is a large supply, 10c. lb.;
sweet corn, 30c. doz.; squash, 5c. lb.;
cucumbers, 2c. each.

There was a fair supply of fish.
Haddock has been a little scarce of
late. Swordfish, the season for which
is now beginning and good catches of
which have lately been reported, was
sold at 18c. lb. Prices: Cod and had-
dock, 6c. lb.; smelts, 15c. lb.; salmon,
20c to 30c lb.; halibut, 18c lb.; mack-
erel 25 and 30c. each. The prices of
smoked and salt fish remain the same
as last week.

vice would make it possible to bring
larger quantities of wheat and other
food stuffs to England."
Mr. Straus was recently a guest at
a luncheon attended by Sir Edward
Grey, the British foreign secretary,
and his long diplomatic service has
given him an acquaintance with high
officials, which makes it possible for
him to learn the government's view.
Discussing the situation in the far
east, Mr. Straus said:
"Some Americans seem to be un-
duly excited about Japan's action
concerning Kiao-Chow. I don't think
the United States has anything to be
apprehensive about. Japan has no
designs on the Philippines."
"As a member of Col. Roosevelt's
cabinet I conducted the negotiations
for the Japanese immigration treaty
and became convinced that Japan has
no designs on the islands, and would
not have them. They are too hot
for her use. The climate is not hot
for the Japanese."

"The United States must not be-
come embroiled in any way in this
war. One great nation must remain
neutral, and be ready to extend a
helping hand when the fury of war
has been exhausted and mediation is
necessary in the interest of humani-
ty."
