**SMITH'S
LATEST IMPROVED COMBINED
MOWING AND REAPING
MACHINE.**
THE Subscriber has the pleasure to in-
form Agriculturists and Farmers,
that he has now on hand an assortment of the
above celebrated MACHINES, which he
offers for sale at the LOWEST possible prices,
and on the most favorable Terms of pay-
ment. These Machines have all the latest
improvements. They are of the best materi-
al and Workmanship, easy to manage and
extremely light and durable. They are re-
commended to parties in want of Machines
with the confidence of their giving every
satisfaction.
The attention of Farmers and intend-
ing purchasers is respectfully invited to the
structure of the new Improvements made by
which are now combined in these Machine
great advantages over all others.
Lightness of the Machine and easier of
Draft. The facility for raising and lowering
in passing over the ruts or through
lodged grain without stopping.
The way the wheel is placed under the
tongue to carry the machine steadily through
furrows avoiding the trouble of joint in the
tongue and hindering the team so much nearer
the work.
As there have been many improvements
added since last year I will now warrant it
as a COMBINED MACHINE, to be at least
superior to anything now manufactured
in Canada, and fully equal to the cele-
brated "Maisy's," which has taken more premiums
than all the other Machines in the United
States.
And in Part in 1855, the above machine
carried off the first Prize amidst the applause
of Representatives of all countries in the
world. This Machine also took the prize at
the two last Provincial Exhibitions for Can-
ada, held in Montreal.
One of the improved Machines can be
seen on the premises of the Agent, near Arnp-
rior, and one at Bell's Corners, Nepean. All
letters (post paid) for information or purchase
promptly attended to.
Farmers, before buying, come and examine
for yourselves.
