**SEVEN MORE DAYS TO JOIN PUZZLE CONTEST**  
Best Solution Sent In by March 19 Captures \$700 Prize.

The next seven days offers everyone a splendid chance to share in the distribution of prizes to the extent of \$2,500. The largest of these prizes has a minimum value of \$700, the next \$450, while there are others ranging from \$400 down to \$200, and many more of sufficient value to be worthy of the time and effort spent.  
The time remaining in the contest offers the same opportunity to win any one of the fifty cash prizes as the preceding period. The only one who does not stand an equal chance of winning is the person who does not enter. When you remember that a two years' subscription to The Advertiser paid when you register a solution on the puzzle may net you as much as \$700, you should weigh well what this opportunity means to you before neglecting to take advantage of it. Saturday, March 10, is the last day.  
The problem presented in this puzzle is making a chain of circles across the chart so that you can obtain the greatest difference between the sum totals of the odd and even numbers enclosed. The point to work is to encircle the numbers in such a way as to obtain as near as possible the greatest difference that can be obtained. However, the prizes will be awarded for the solutions showing the greatest differences, regardless of what the best possible answer may be.  
The privilege of entering this contest involves merely a subscription payment for The Advertiser. This may be as low as \$2.75 or as high as \$10. Present subscribers who receive paper by carrier will continue to be served by the same carrier after sending their money with their solutions to the Contest Department of The Advertiser. The carriers are notified that such payments have been made and advised to credit subscribers accordingly. Amounts sent at different times with different solutions will be credited to one continuous subscription.  
You are not required to seek assistance or support from anyone else. The verdict of those who are taking advantage of this opportunity is that the work is exceptionally agreeable. They regard it as diversion and a pastime. Many often speak more enthusiastically of the pleasure they are deriving through trying to solve the puzzle than of the opportunity to win a large sum of money.  
With seven days before you and the Contest Department ready and glad to put all the facts before you, there is no reason why you should not avail yourself of this information at once. If you could use \$700 to advantage, the door of opportunity is wide open. Call at The Advertiser Contest Office or write for particulars.

**NIAGARA FALLS, Ont., March 11.**—Following are the officers of the Orange Grand Lodge, Ontario West, which concluded its business here today and will meet next year in Sarnia: Lieutenant-Colonel Donald Sharp, Welland, grand master; A. **NO FRICTION EXISTS BETWEEN DRY FORCES**  
Referendum Committee and Dominion Alliance Are Working Together.

**TORONTO, March 11.**—In a statement handed to the press tonight following conferences between Rev. Dr. Andrew S. Grant, secretary of the Ontario Referendum Committee, and Rev. Ben H. Spence, secretary of the Ontario branch of the Dominion Alliance, it is declared that no friction exists between the two temperance organizations in connection with the referendum campaign. The statement says that though there is no organic union between the two there is a definite understanding, and both have the one object in view—to try to get the largest possible affirmative vote on the referendum question on 18th April next. Each organization will work along distinct lines, and will avoid overlapping. According to the statement, the county and local organizations which worked in the referendum campaign of 1919 are again available, and are now practically complete in every electoral district in the Province of Ontario.

It was alleged last night.

**SEES OVERTHROW OF DICTATORSHIP IN RUSSIA SOON**  
Kerensky Predicts That People Will End Reign of Terror.

**LONDON, March 11.**—Russia today is in the beginning of phases of upheaval which will have essentially the same result as the memorable occurrence of March 12, 1917, said Alexander P. Kerensky, Russia's former "man of destiny," today.

"The fundamental causes of the outbreak in Russia," Kerensky declared, "are the same as those which brought about the first revolution just four years ago, and the outcome inevitably will be the same—the overthrow of the dictatorship."  
"To the Russian working masses and the peasantry," Kerensky continued, "Czarism and Bolshevism are indistinguishable—both of them are terrors which must be ended."

**IS NON-POLITICAL.**  
**LONDON, March 11.**—The leaders of the revolutionary movement now developing in Russia are entirely unknown in Russian political circles, which indicate that the movement is non-political and one of the broad masses of the Russian people, according to Anatoly Balkaloff, president of a group of Russian social democrats in London.

M. Balkaloff today communicated to British labor leaders important information which has filtered into Russian political and commercial circles in London, from reliable sources as "most reliable" sources of information in Russia.

Members of the Soviet Government that the movement is directed by a White counter-revolution and the latter are "entirely false," declared M. Balkaloff, in his communication to the labor leaders.

**Movement Spreading.**  
The revolution is being carried on by workers, sailors, soldiers and peasants. The Socialist parties are not even indirectly responsible. The movement is concentrated in Petrograd, but already is spreading through the country. "We have reliable information that the garrisons of Ekov and Smolensk have revolted; that in Tulok, Serpukhoff and Koloma (respectively 180 miles south, 57 miles south and 63 miles southwest of Moscow) the workers have expelled the commissars and proclaimed a general strike, and that the peasants of the Ukraine, Western Siberia and the Urals are in open revolt."  
"Moscow, where the most reliable soviet troops are concentrated, now is quiet, but only by military force can the authorities prevent the Moscow workers from joining the revolutionaries."

**300 FREIGHT CARS TO CARRY BERRIES**  
Will Be Required To Move British Columbia 1921 Crop.

**WINNIPEG, March 11.**—It will take about 300 freight cars to move the 1921 British Columbia berry crop, if present estimates of the British Columbia Berry Growers' Association turn out to be correct. This means a production of 2,500 tons of small fruits for the year. Going to the bulk of a freight car will only handle about six tons of small fruits. The British Columbia Berry Growers' Association has just been formed to do for berries what the Okanagan United Growers have done for apples and other tree fruits. It is made up of nine of the thirteen co-operative berry marketing organizations at present existing. The other four are expected to come in shortly. The association is a sales organization only.

"Increased production has made this organization necessary," stated R. A. McNaughton, of Gordon Head, Vancouver Island, sales manager of the new association, who is in Winnipeg. "Our production will this year be over 50 per cent greater than last year, when the crop brought in \$1,000,000. The berry crop under cultivation will amount of 2,800 acres this season. The members of the association are enthusiastic over the organization's prospects."

**Will Enlarge Market.**  
The new association will endeavor to enlarge the market for British Columbia berries. In the past the bulk of the crop has been shipped to the prairie for fresh fruit. This market will be exploited and enlarged wherever possible. An increasing quantity will be turned over to the factories to be made into jam.

**LABORERS' WAGES WILL BE REDUCED**  
ST. LOUIS, March 11.—The Wabash Railroad today issued an announcement that notice of a proposal to reduce wages next week to the employees of its 2,500 unskilled laborers. A conference of officials of the road and representatives of the employees probably will be held here next week to discuss the subject, it was stated.

**MAKING BIG CUT.**  
ST. PAUL, Minn., March 11.—Wage reductions ranging from 45 to 40 per cent to a minimum of 25 are contemplated for unskilled workers by the Northern Pacific and Great Northern. It was alleged last night.

**WILL ASSIST IMMIGRANTS.**  
**LONDON, March 11.**—The Associated Press—Australia has decided to contribute \$10 towards the steamship fare of immigrants into the Commonwealth, it was announced today.

**GUNMAN CAPTURED AFTER HOT FIGHT**  
**BRAMPTON, March 11.**—A gunman was caught rifling the till of the Queen's hotel here early this afternoon. He had secured \$12, and after having been pursued through the streets by Richard Robson, hotel proprietor, the sheriff, policemen and about 200 citizens, and exchanging shots with Robson without any person being hurt, he was captured at the Grand Trunk Railway station. He said he came from Orangeville, Ontario, and that his name was May.

**APPELLATE COURT ALLOWS DAMAGES**

**TORONTO, March 11.**—During the rush hour of April 23, 1920, Fred Kine, a painter, boarded a Hamilton Radial car at Hamilton on his way to Hamilton Beach. The car was so crowded that he could not get inside, and was forced to stand on the platform. As the car started, he was bumped into the car he was on, and he was injured. He sued for damages and the jury returned a verdict for \$500. The trial judge, however, non-suited him on the ground that the railway act relieved of liability companies which posted notices which forbade riding on the platforms. The appellate court, however, allowed Kine's appeal on the ground that the notice only forbade riding on the platform when there was room inside. Kine will get \$350.

**SITUATION IS IMPROVED.**  
MONTREAL, March 11.—The situation in the building trades took a favorable turn today, and it is now probable that the difficulty in regard to the proposed wage cut of from 15 to 20 per cent put into operation by the General Contractors' Association will be settled amicably.

**Canada May Lose Six Nations Indians**  
SYRACUSE, N. Y., March 11.—More than 8,000 Iroquois of the Six Nations, residents of the Brant grant in Western Ontario, determined to resist compulsory citizenship in Canada, have asked Dr. E. A. Bates of this city, an adopted chief, to appeal to President Harding for asylum in Indian reserves in New York State. A great council meeting of the chiefs of the Six Nations will be held this week at the Onondaga reservation to outline a plan of action. The Indians, it is claimed, have been ordered to take out citizenship papers in the Dominion within thirty days. The situation may bring to a head the long-continued negotiations between the Indian tribes and the Federal Government as to the future of the tribes in the United States.

**JUNK DEALERS ARE THREATENED WITH RUIN**  
TORONTO, March 11.—Junk dealers in this city are said to be threatened with ruin, as a result of the bottom having dropped out of the junk business, and one dealer today estimated that about \$4,000,000 worth of junk of every description is heaped up in yards in this city and cannot be sold. Within a few weeks the price of rags has dropped from 8c a pound to 3c; newspapers from \$1.10 per cwt to 25c; and whiskey bottles from 4c a piece to 1c.
