The Magistrate rejected this argument. Moroccan Pretender Was Completely Defeated.

Tangier, Feb. 2.—The Sultan's troops have utterly routed the forces of the Moorish pretender and captured Bu Hamara himself. A special courier brought the news here from Fez. There are great rejoicings here at the Sultan's victory.

London, Feb. 2.—A despatch from Tangier to The Morning Leader mentions a circumstantial report current in that city that Du Hamara was brought to Fez in a cage and exposed to public derision. The bribed rebels suddenly abandoned the pretender's standard.

#### THE FERNCH ARMY.

Deputies Say It Should be Maintained on a War Basis.

Paris, Feb. 2.—The discussion of the army budget in the Chamber of Depu ties Saturday brought out considerable general debate relative to the strength of the army and the necessity of main taining it on a strong fighting basis. General Andre, Minister of War; Col. Rousset, a Republican member of the Chamber, and other leaders of the military element, took an active part in defending the army from criticism. M. Messimy (Radical-Serratist) made a long speech on the heavy financial bur-den the maintenance of the army im-posed upon the country, saying this posed upon the country, saying this limited industrial and agricultural progress, and took the best years of youth of France for military service. Col. Rousset pointed out the dangers

surrounding France, and declared peace to be at the mercy of a single adverse incident. Amid much enthusiasm he asserted that the part of wisdom for France was to prepare for all even-

tualities.

Gen. Andre devoted his attention to the desirability of keeping up the army on a peace footing, so that it would readily be transformable to a war be transformable to a war

footing.

M. Jaures (Socialist) repudiated the statement that Socialists are opposed to the army. He said he considered the army to be one of the strongest arms of the republic, and that its first line and the reserves should equal in strength the German army He said it was necessary to maintain an effective peace footing, corresponding to the needs of

Amid a patriotic demonstration the first chapter of the army budget was finally adopted.
