"The matter furnished in this periodical is valuable for all time, as presenting historical facts not accessible in books of history. The illustrations and papers are of the finest, and the numbers during a year make two elegant bound volumes."—*The Indianapolis Journal*.

"The Magazine of American History has ceased to be an experiment, and become a necessity among the students of the history of early American days. Each number during the year 1883 has been full of papers upon subjects of national and local interest, and not these alone, but papers of import to historical students in other countries. It is well and finely illustrated, and with deserved maintenance will be a repository which no student can afford to overlook."—*New England Historical and Genealogical Register*, January, 1884.

"It is an illustrated monthly which never fails to hold our attention."—*New York Independent*.

Sold by newsdealers everywhere. Terms, \$5 a year, or 50 cents a number.

WHAT IS CATARRH ?

From the Mail (Can.) Dec. 15.

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the lighted corpuscle of uræmia, the germ poison of syphilis, mercury, toxæmia, from the retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers,

What the Rev. E. B. Stevenson, B.A., a Clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.

Oakland, Ont., Canada, March 17, '83.

Messrs. A. H. Dixon & Son:
 DEAR SIRS,—Yours of the 13th instant to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease, and never felt better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that is hard for me to realize that I am really better.

I consider that mine was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks,
 REV. E. B. STEVENSON.
