The Western Home Monthly

WHO WILL SEND US

One New Subscriber for One Year at 75c.

Every present subscriber to, or reader of, The Western Home Monthly can secure one NEW subscriber to the paper for one year. This may seem a broad statement, but we think it hardly possible that there is anyone who has not at least one friend, neighbor or acquaintance who would subscribe for this Magazine if shown a copy and asked to do so. It is a very easy and simple matter to secure one new yearly subscriber for The Western Home Monthly, and in order to persuade as many as possible of our readers to do it during this summer of 1910, we are about to make an exceedingly liberal and attractive offer. It is as follows:—

To every present subscriber or reader who will send us One New Subscriber to The Western Home Monthly for One Year at Seventy-Five Cents, at any time before August 30th, 1910 we will send free by mail, postpaid, any three pieces of music selected from the following list:—

Quality Enamelled Bed No. 5220

THE QUALITY GUARANTEE MEANS METAL BED INSURANCE

and the Quality Guarantee Ticket is your insurance policy. It is good for the full amount paid for any Quality Bed that does not bear out our claims for it. The process of proof is simple. Have your dealer deliver a Quality Bed to your home. Use it for thirty days. If at the end of that time, you do not think it is the best bed you've ever had in your house—return it and the dealer will return your money. We go further than that—five years further.

Quality Beds

are returnable after five years, if they do not prove their absolute superiority by actual endurance—the only standard by which we measure all Quality Beds. Quality Beds are the product of infinite care and finished skill. If we could find a way to crowd more quality into them, we would. We want to send you our Quality Catalog, "Bedtime," so you may learn all about metal beds; (brass and enamel), why you will like Quality Beds and why they are best. Your name on a postal will bring it. Write the postal now.
