MINI \$2895*
THE LOWEST PRICED NEW CAR YOU CAN BUY.

Whether you're looking for a sensible "first" car, or a commonsense "second" car, chances are a Mini's your best bet. Firstly, you don't have to lay out a whole lot of cash to buy one. And secondly, you don't have to spend a fortune to keep one on the road. A Mini's cheap on gas. A pleasure to drive. A cinch to park. And a blessing on the pocketbook. So if you're looking for a practical car for running to the store, popping downtown, picking up the kids, or just getting from A to B—take a good long look at a Mini.
