" " growth of suffrage
giving less & less the power

growth of field of legisla - at 1st limited

external influence in modern legisla, the private corporate with the proposed for
a new feature in the constitution of repres assemblies

III The District System at work

shows how party machine operates elects
primaries &

1st choice of candidate is arbitrarily limited

notes influence of lobby in state municipal
city residents to machine

mechanism of district system is opportunity of giving any party to control

& disfranchise the minority - & very ponderous

as a result of district system the work is scarcely a reference body

separately handled to new parties (gives most instructive list.
moreover, larger no of voters in bodies elected to the govt. & cheap -

System of representation as for parties in the district system
