

## • BAD BLOOD. •

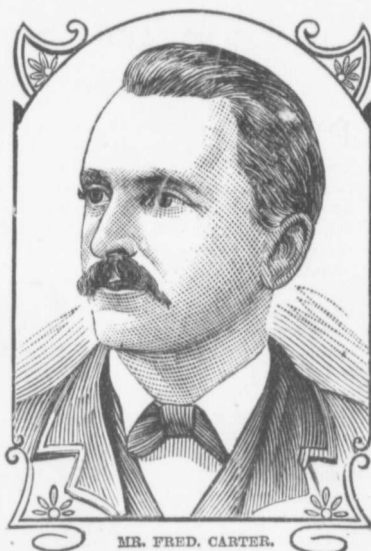

### SYMPTOMS :

**Boils, Pimples, Blotches,  
Ulcers, Abscesses,  
Eruptions,  
Itching Rashes,  
Scrofulous Sores.**

THE blood reaches every portion of the body to distribute nutriment and remove effete matter and waste products. Clearly then, any influence, good or bad, affecting the blood, must necessarily affect the entire system for good or evil as the case may be. To this fact is due the wonderful efficacy of Burdock Blood Bitters in removing every form of blood disease. It at once strikes at the root of the trouble, removes the impurities, and enables the blood thus purified to carry on the nutrition of the body with vigor so as to quickly restore the depleted system to a condition of vigorous health. From impure, tainted blood the transition to SCROFULA is easy and almost certain, and in the train of scrofula the most terrible and life-destroying diseases follow. Ulcers, Tumors, Abscesses, festering sores, disgusting eruptions, and last, but not least, Consumption, are some of the results of Scrofula. Here the powerful alternative, purifying and tonic action of B.B.B. exerts an unequalled curative influence.

**BOILS, PIMPLES AND BLOTCHES** are manifestations either of poverty or impurity of the blood, and require the prompt use of B.B.B. for their eradication, which it speedily accomplishes, at the same time strengthening the entire system. Pimples, etc., often arise from Dyspepsia and Constipation, and in these cases the B. B. B. has the double effect of removing the pimples together with their cause.

**SPECIAL DIRECTIONS.**—For Salt Rheum, Psoriasis, Tetter, Shingles, Scurf, Itching, and burning Rash, Erysipelas, Cancers, Eruptions, Scald Head, Scrofula, Ulcers, Abscesses, and similar skin and blood diseases, use Burdock Blood Bitters internally to expel all foul humors from the blood. Locally wash the part affected with castile soap and warm water, then apply Burdock Blood Bitters (diluted to one-half strength with water or milk, if necessary,) to the affected portion, without friction, by means of a soft linen cloth. The curative action of B. B. B. in all skin diseases cannot be over-estimated. We recommend it with confidence.

MR. FRED. CARTER.

### Cured His Boils in a Week.

DEAR SIRS.—I was covered with pimples and small boils and after obtaining no relief from a doctor tried different remedies without success until one Sunday I was given  $\frac{3}{4}$  of a bottle of Burdock Blood Bitters, by the use of which the sores were sent flying in about one week's time. I made up my mind never to be without B.B.B. in the house, and I can highly recommend it to all.

FRED. CARTER, Haney, B. C.

I can answer for the truth of the above.

T. C. CHRISTIAN,  
Haney, B. C.

### One Bottle Cures Boils.

GENTLEMEN.—Some four or five years ago my blood got out of order as the result of an overheat, boils began to appear, and for six months I suffered severely, without finding any medicine that would do me any good. Seeing Burdock Blood Bitters advertised I decided to try a bottle. From the first day I felt the good effects of the medicine, and the one bottle was sufficient to cure me.

JOHN WOOD,  
L'Amable, Ont.

### Gives Strength and Appetite.

DEAR SIRS.—Last year I was very thin and reducing very fast, owing to the bad state of my blood and appetite. A friend of mine induced me to get a bottle of B. B. B., which I did, although I confess I had very little confidence in it. I obtained immediate perceptible relief from it and have gained strength and appetite and now weigh 193 pounds. I have much pleasure in recommending B. B. B. as an excellent tonic.
