### S. LEMON'S CONSIGNMENT TO THE PATTERSON SALE

Editor, Farm and Dairy.—We are consigning to the H. E. Patterson sale eight females and two calves, including Boutejo Pouch De Boer, 23.53 lbs. butter in seven days, 24.59 lbs. in 30 days, at two years 11 months old. Her dam has 23.77 in seven days and 26.83 in 30 days. Also Boutejo Pouch De Kol, 20.06 in seven days at four years; her dam, 27.35 in seven days, 28.40 in 30 days. They are both grand-daughters of Boutejo Q. Pieterje D. Kol, 30.76 lbs. milk and 977 lbs. of butter in one year at three years old. Another is Boutejo Canary De Kol, a yearling daughter of Boutejo Pouch De Kol, and also a nice cow, sired by son of Nanuet Topsey Clothide, 20.23 lbs. in seven days, 17.95 in 30 days; also was the first 30-pound cow in Canada. All the cows in this beifer's pedigree have tested over four per cent fat.

Topsey Canary De Boer is a two-year-old by the same sire as the above heifer, and her dam has 25.91 in seven days, 25.90 in 30 days. Her heifer calf, seven months old, is sired by a son of Spotted Lady De Kol, 27.25 in seven days, testing 4.3 per cent fat and 106.40 in 30 days, testing 3.97 per cent fat, and sired by a son of Lulu Glasser, 25.77 in seven days, testing 4.8 per cent fat, and 96.83 in 30 days, testing 4.06 per cent fat. Jolinda Tamen is a three-year-old with a record of 17.23 lbs. butter, seven days milk 460 lbs., sired by a son of Lulu Glasser. Boutejo Pouch is a richly-bred three-year-old, sired by a grandson of Boutejo Q. Pieterje De Kol—S. Lemon, Lynden.

### TESTING AT MANOR FARM

Editor, Farm and Dairy.—We have been doing considerable official testing lately and made some very creditable records, the most noteworthy of these being Hulda Wayne of Manor. She freshened at two years six months six days, and produced 394.43 lbs. of milk and 35.8 lbs. of butter, average test 4.52, in seven days and 1467.50 lbs. of milk and 30.96 lbs. of butter in 30 days, average test 3.58. You will notice had she freshened seven days earlier she would have held the record as a second highest record for 30 days as a junior two-year-old. This heifer is a very nice individual of medium size.

Her half-sister, Manor's Hengverld De Kol, freshened at three years eight months 19 days and produced 359.30 lbs. of milk and 21.5 lbs. of butter, her average test being 4.35. Both these heifers are daughters of Korroorocholama De Kol, who now has 13 R.O.M. daughters, several with two-year-old records from 15 to 30 lbs.

Others worthy of note are Cuhana De Kol Princess 2nd, at seven years eight months two days, milk 423.70 lbs., butter 24.52 lbs., average test 4.50; Calamity Howlitz Pauline, at six years nine months 30 days, milk 464 lbs., butter 23.91 lbs., average test 4.52; Queen De Kol Pouch, at nine years one month 10 days, milk 449.20 lbs., butter 21.94 lbs., average test 3.51, 30 days, milk 1,507 lbs., butter 29.49 lbs., average test 3.70. We have no 30-lb. records to report up to date, but expect to be able to do so soon.

I would just like to say a word about our junior herd sire, King Segis Pontiac Pouch. He is now one year and one month old, and weighs considerably over 1,000 lbs. We now have 14 cows in calf to him, and will have as many more in the next few months—Gordon B. Goodenham, Bedford Park, Ont.

### BANKS BUY HOLSTEIN COWS

Following the example of many Western bankers, the vice-president of the First National Bank of Detroit, Mich., purchased the money to send an expert to the East to purchase a carload of cattle to be distributed among the county farmers of lower Canada, in which Detroit is situated. These cattle are sold to farmers at cost, and the proceeds were selected for this purpose. It is expected that another carload will shortly be sent for.

Bankers in the West who have followed this practice, taking part of the payment from the cream checks at creameries given to those to whom the banks have sold cattle, find their payments are being usually promptly met.—W. A. Clement, Secretary.

### TESTING AT AYNDALDE FARM

The season's testing opened with Spoek Pietje, a daughter of Prince Hengverld Pietje, a 33-lb. bull, which has just been sold to the United States by Mr. Hardy for \$1,000. This heifer, after doing the rounds of the fairs, gave 23.09 lbs. of butter as a junior two-year-old, and was immediately followed by another daughter of Prince Hengverld Pietje, named Pieke Pauline Hengverld, which gave 19.73 lbs. of butter and 361 lbs. of milk in 7 days, and 710 lbs. of milk and 1,020 lbs. of milk in 30 days as a two-year-old, after having been on pasture until late in the fall. Brookland's Warner Korrooroch, as a mature cow, made 29% lbs. and Foekie Pieterje 2nd Costen as a three-year-old made 23 lbs. of butter.

## HOLSTEINS

### IDYLLWILDE HOLSTEINS

FOR SALE—Three Bull Calves, sired by MAY ECHO, PRINCE, whose dam MAY ECHO, is Canadian Yearly Champion with 35.70 lbs. milk and 102 lbs. butter; Canadian 7-day Champion at 12 years old, 75 lbs. with 31.31 lbs. butter; also Canadian champion 8 months after calving and 1913 PRINCE SYLVIA BEETS BOSCH, whose daughter May Seng was Canadian champion and 126.61 lbs. milk in 7 days and half-brother to Pet Pouch De Kol, Canadian Champion at four years with 30.01 Canadian Champion at 3 years.

These calves are fine straight fellows from splendid young dams, testing from 4.1 to 4.1, in private and with such choice blood as PIETERTJE DE KOL, 25.91 lbs. milk and 10.16 A.R.O. daughters; Homestead De Kol, 25.91 lbs. milk and 10.16 A.R.O. daughters and Sir Mercedes Yoke with 1 R.O.M. daughters and 4 proven sons.

Another dam is by Count Hengverld FAYNE Johanna whose grand sire, PIETERTJE HENGVERLD'S COURT DE KOL, has 25 proven sons and 65 A.R.O. daughters, including Sarah Jewel Hengverld who with her daughter sold for \$3,000.

If you need something good, write me or come and see our stock. Absolutely no heifer calves for sale.

JAS. SEYMOUR & SONS

R. R. No. 1, IDA, ONT.

### LYNDEN HERD High-Testing

Bulls for sale, fit for service, with good backing. One sired by a son of Evergreen March, 25.91 lbs. milk and 10.16 lbs. of milk in 1 year. Dam, Boutejo Pouch De Boer, 23.53 lbs. butter in 7 days, 26.83 in 30 days at 3 years 11 months. Dam's dam, 25.77. Others nearly as good. Also Bull Calves at \$2,000.

Write or come and see them.

S. LEMON - LYNDEN, ONT.

### Registered Holsteins

FOR SALE

Young Cows and Heifers at bargain prices. De Kol, Pontiac and Butter Boy strains. Calves at foot or safe in calf. Parties wanting a bunch will get them cheap.

JACOB LAURENCE, WOODHOUSE, ONT.

### LYNDALDE STOCK FARM

Grandsons of King of the Pontiacs

Three Calves 6 mos. old, sired by King Pontiac Aris Canada. One is from a 20-lb. year-old with a 24-lb. dam, and 24-lb. grand-dam. Another from a 24-lb. yr. old, and the other from a 24-lb. yr. old, with a 24-lb. dam and 24-lb. grand-dam.

BROWN BROS. - LYND, ONT.

### WOODLAND FARM HOLSTEINS

Headed by Maplecrest De Kol, champion bull with record to Banosting Belle De Kol with champion yearly milk record of the world.

NETHERLAND AAGIE DE KOL'S SON, Sir-Banosting Belle De Kol, Led-on of Aagie Mercedes—29.19 lbs. Dam-Netherland Aagie De Kol—champion R.O.P. 1909 with 2,666 lbs. of milk and 80 lbs. butter. Also another choice Bull, fit for service.

J. M. VANPATTER & SONS, AYLMER, ONT.

### Anything in Holstein Females

From 1 week to 6 yrs. old, 75 head to choose from.

SPECIAL OFFER: 100 Heifers rising 2 yrs., bred, and Bulls from 7 to 10 mos.

My herd bull is King Hengverld De Kol, No. 6980, dam-Barred Hengverld 2nd, first-cow in Canada to make over 30 lbs. butter in 7 days—second 30 lbs.

Write me or come and see what we have that you think you may want to try.

WM. HIGGINSON - INKERMAR, ONT.

### 100 LBS. MILK ON EACH SIDE

A BROTHER to MAY ECHO SYLVIA, 118 lbs. milk in 7 days, 34 lbs. butter in 7 days and 141 lbs. in 30 days.

His dam's dam (DE KOL PLUS) gave 106 lbs. milk in 1 day—23.00 lbs. in R.O.P.

DAM—A big strong vigorous 4-yr.-old—when young gave 4%.

To be officially tested in spring.

This young bull (fit for service in spring) is a low-down, strong chap—about half a ton, and 30 lbs. in 7 days.

Also a half brother to above bull and out of a daughter of Count Segis Walker Pieterje.

Another calf whose first five sisters by the same sire made 15 lbs. each as jr. 2-yr.-olds and one sister milked up to 61 lbs. milk per day. Calf is out of officially tested cow whose dam and her two brothers were first at Toronto on separate occasions.

Write me about these.

B. R. LEAVES - BLOOFIELD, ONT.
