Head Office :

The Best Value in Fertilizer on the Market

Sales in Ontario in 1913 -

" " " 1916 - 3,108 "

TE suppose you have missed our advertisement recently. Well, we have not retired from business, but the fact is, we have had more orders than we could execute, and we had to lie low for a bit. We are now, however, booking orders for the fall wheat trade, and we want you to make a start in using SYDNEY BASIC SLAG this season. We know you have been thinking of doing so, but now is the time to place your orders. Write us, and we will give you the name of our agent in your district, or if we do not happen to have a man representing us, perhaps you could take a carload of 20 tons and distribute same among your neighbors. You will be reasonably remunerated for your trouble, but above all, you will earn their gratitude for introducing SYDNEY BASIC SLAG into your district. Drop us a line, and our general salesman will give you a call and discuss the matter. If necessary, also, he will help you to canvass your territory. SYDNEY BASIC SLAG was first sold in Ontario in 1913. That year we placed 230 tons. This season we have sold 3,108 tons. Think that over for vourself

Interesting descriptive literature will be sent on application.
