

3450 Insulators Insure "Plus Service"

Ten years of specialization—making spark plugs—striving always to produce better plugs. 3450 individual laboratory experiments, during that period, necessitating an enormous amount of research work, were amply justified in the performance of our number 3450 Insulators used in all

Dependable Spark Plugs

No. 345c Insulators have "stood up" in tests of Champion Plugs that were far more brutal in punishment than any spark plug is ever required to stand, even in the emergency stages of ordinary usage.

It is because of the "plus service" quality of 3450 Insulators that Champions have the ability to resist, to such a marked degree, sudden temperature changes, vibration and explosive shock in the heaviest motor or engine.

Carhartt's Overalls

**My Carhartt Overalls
are made for Hard Service.**

YOU have only to examine them to find that out. Every seam is double stitched, every button is riveted, while points where the strain is hardest are reinforced to prevent tearing or ripping. Special features worth noticing are the angular rule pocket, the swing pocket to keep tools and pencils in place when you bend over, lined watch pocket, and an extra rule pocket on the right leg. You'll be surprised at the way your Carhartt's will wear and wear and wear. You'll say when the time comes to discard them—and you may depend upon it that won't be for a good while—"Well those Carhartts certainly don't owe me anything." My Carhartt overalls, allovers, and gloves are readily identified by the Carhartt button.

A Size for Every Engine
and Motor

McQUAY-NORRIS

**LEAK-PROOF
PISTON RINGS**

**Increase Power—Decrease Carbon
Save Gas**

The design and construction of these rings assures uniform pressure all around the cylinder wall—power producers because they leave no place for the power to slip past.

Wherever you are and whatever your motor, you can get immediate service on these rings. Complete stocks of standard and over-size rings are carried by over 300 jobbers and supply houses throughout the country. Many thousands of dealers can extend to you our service, which enables them to specify your size requirements for practically every make or model of motor without delay. You don't have to wait.
